

ANYBODY'S RACE
LEADS 'ANYBODY'S' RACE

MORE CUTS IN BUDGET ASKED BY PRESIDENT

(BY A. P. NIGHT WIRE)
WASHINGTON, June 30.—President Coolidge called upon the administrative heads of the government tonight to measure up to the full test of American national character by giving efficient administration so that further reduction in taxes for all of the people may be accomplished.
Speaking before more than 1000 executive officers at the seventh semiannual meeting of the business organization of the government at the close of the fiscal year, the Chief Executive outlined his policies for the future with the declaration that all of his subordinates must enter into them in spirit as well as in practice.
"I am for economy," the President said. "After that I am for more economy. We must give the people relief from the excessive burden of taxation."
Mr. Coolidge's program contemplates cutting expenditures to the bone. He wants to continue even more drastically the three-year economy plan. To do so he enjoined those responsible for spending the government's money that every administrative effort be carried on with the absolute minimum of expense. That means, he asserted, that the government pay rolls must be reduced.
LORD TELLS STAND
The President's broad outline of his views was expanded by Director Lord of the Budget Bureau, who stressed that those who failed to function sympathetically or who opposed the Chief Executive's instructions in half-hearted fashion, may as well feel that they are not desired in the government machinery. He added that disloyalty has no place in the organization. The director explained that the bureau's agents are cognizant of all activities in the government and said he will not fail to call short-comings to the President's attention.
The speech was the first by Mr. Coolidge since the Republican party selected him as its Presidential candidate and in this utterance to review the financial accomplishments of the administration for the last three years. In this period, he said, there was net reduction in the great public debt of more than \$2,120,000,000 and a consequent saving to the people of more than \$10,000,000 annually in interest alone.
"What progress we have made in ordering the national finances is easily shown," Mr. Coolidge said. "A comparison of our receipts and expenditures for the last four years illustrates conclusively what has been accomplished during the three years of the budget system."
REDUCTION SHOWN
"For the fiscal year ending June 30, 1921, the last prebudget year, our expenditures were \$3,534,000,000 and our receipts \$3,544,000,000. For the succeeding three years, which includes the year which ends today, our expenditures were \$3,534,000,000, \$3,534,000,000 and \$3,534,000,000, respectively. Here we show a progressive and consistent reduction in expenditures on the other side of the ledger our receipts for 1922 were \$4,109,000,000, 1923, \$4,097,000,000 and 1924, \$3,998,000,000. An analysis of these figures shows that in the case of a progressive reduction in receipts we have still achieved a substantial surplus at the end of each of the fiscal years—\$214,000,000."

DEATH LIST OF STORM GROWS; RELIEF RUSHED

(BY A. P. NIGHT WIRE)
CLEVELAND, June 30.—The list of known dead in Northern Ohio's tornado Saturday had reached ninety-eight early tonight with indications that this number probably will be increased, according to compilations made by the Associated Press. At Lorain, where the storm hit the hardest, the death list stood at seventy-two, thirteen additional bodies having been recovered during the day.
City officials feared this figure would be increased as rescue workers continued their search of the ruins.
Approximately seventy-five persons have been reported missing at Lorain. Conservative estimates place the property damage in Ohio at more than \$30,000,000. The sheer amount, officials agree, will not be known for days.
ANOTHER AT SANDUSKY
One additional death was reported at Sandusky this evening, where almost a dozen injured are said to be in a serious condition. The death list at other points in the storm area showed no change. Everywhere strenuous efforts were made during the day to clear away the debris as much as possible and rush relief to the stricken areas.
Gov. Donahoe on his return to Columbus called a meeting of State capital agencies to discuss relief measures.
MORE DEAD AT LORAIN
LORAIN (O.) June 30.—Lorain's death list was increased by two late this evening when searchers digging in the ruins of the Crystal Restaurant found the body of 13-year-old Dorothy Lalonde, and Edward Wittenbach of Henryetta, O., dead of injuries received during the storm Saturday afternoon. The total dead now stands at seventy-two.
One more also was added to Sandusky's list when John Kington, negro, of Glasgow, Ky., died of injuries this afternoon at a Sandusky hospital, bringing that total to eight.
The efforts of the men cleaning out the debris in the State Theater today were futile, but little progress being made in removing the tons of brick and twisted steel. Their work was interrupted several times by heavy showers and tonight a severe rain and thunderstorm struck the city, stopping all work.
MORE BELIEVED IN RUINS
Fire Chief David Hatt and Coroner Miles E. Perry today said they believed a number of bodies still remained under the debris in the theater.
While the rescue work was going on through the wrecked parts of the city, local business men and city officials were formulating plans for the rebuilding of Lorain.
Mayor George Hoffman said Lorain will not be repaired, but rebuilt.
"We plan to erect one of the most modern cities in Ohio after the ruins are cleared away," he said.
At the same time tears were shed for the first victims of the storm. Three children were buried today. Tomorrow nearly forty will be laid to rest, but there will be no public funerals. Mayor Hoffman forbade them. He said there had been enough grief and that

FALL, SINCLAIR, DOHENY NAMED IN INDICTMENTS

(BY A. P. NIGHT WIRE)
WASHINGTON, June 30.—Four indictments charging Albert B. Fall, former Secretary of the Interior, Harry F. Sinclair, Edward L. Doheny and E. L. Doheny, Jr., with criminal action in connection with the leasing of naval oil reserves in Wyoming and California were returned today in the District of Columbia Supreme Court.
A special grand jury which has given weeks to consideration of the evidence leveled formal charges of felony against the four men, whose names have held the spotlight in the prolonged Senate oil investigation and the civil litigation which followed.
Fall and the two Dohenys, the first indictment charged, entered into and maintained an unlawful conspiracy from July 1, 1921 to December 11, 1922, to enable the Pan-American Petroleum and Transport Company and its subsidiary, the Pan-American Petroleum Company, to obtain control of naval oil reservation No. 1 in California.
CONSPIRACY CHARGED
Similarly, the second indictment said, Fall and Sinclair conspired unlawfully between December 31, 1921 and April 7, 1922, to give the Mammoth Oil Company, a Sinclair corporation, control of the Teapot Dome reserve in Wyoming. The third indictment charged Fall singly with accepting a bribe of \$100,000 from the Dohenys, to influence his action in the California lease, and accompanying negotiations concerning the same, and the fourth, reversing the same charge, held the Dohenys up for prosecution.
Much of the evidence and many of the implications charged in the indictment during long Senate inquiry into the naval reserve leasing were repeated today in formal legal language in which the four prisoners and the activities brought under ban.
Fall, in both the conspiracy charges, was accused of having sought to prevent the government from obtaining competitive bids for leasing the reserves, and of having made false representations and statements to prevent the appearance of competitive leasing. This resulted in great loss to the government, the indictment said, and unjust profits to the successful lessees.
LETTER IS CITED
As an overt act in furtherance of the conspiracy charged, the indictment said, Fall on July 1, 1921, sent to Doheny a letter declaring the Interior Department was now in the control of the navy, to the exclusion of the Navy Department. The letter which was never before made public, recited for Doheny's benefit a letter which the then Secretary said he had just sent to President Harding.
"There will be no possibility of any further conflict with Navy officials and this department," Fall said to Doheny, "as I have notified Secretary Denby that I should consider the matter of the naval leases under direction of the President, without calling any of his forces in consultation. He understands the situation and that I shall handle matters exactly as I think best and will not consult with myself, and such consultation will be confined strictly and entirely to matters of general policy."
In the conspiracy charged, Fall also was said to have conspired with Sinclair, the indictment said, Fall also sought to "stifle competition" through tactics of this kind. It repeated a letter sent by Fall, then Secretary, to Joseph W. Clark, a Leadville (Colo.) attorney, informing him that the Teapot Dome area, which later was leased to Sinclair, was being subject only to drilling for "offset well" to protect the government's property.
"LOAN" COMES UP
Frank E. Kistler, a representative of the Producers and Refiners Corporation, the indictment added, also "saw to it" that Sinclair, after negotiations with Sinclair had begun, that the "policy" of leasing the reserve had not been determined.
More briefly, the two indictments dealing with the asserted bribe, recounted the payment to Fall which the younger Doheny made at his father's instance. Their text dealt exclusively with the set of incidents upon which the Senate inquiry was based. Fall declared he obtained \$100,000 as a loan from E. B. McLean, Washington newspaper publisher.

SAN FRANCISCO, June 30.—Sweeping in toward Oakland and under a pall of smoke, like the flames that bit deep into Berkeley last August, a fierce brush fire was roaring on toward the city late this afternoon.

Miss Rambeau Named in Star's Divorce Action

(BY A. P. NIGHT WIRE)
NEW YORK, June 30.—Marjorie Rambeau, prominent actress, is named as the third party in a suit for separation brought by Blanche Yurka, also a stage star, against Ian Keith, actor, the first arguments of which were heard in the special term of the Supreme Court here today.
The hearing was adjourned until Wednesday pending receipt of papers bearing on the case which have been sent by Keith, who is now in the West.

Japanese Cuts Down American Embassy Flag

(BY CABLE AND ASSOCIATED PRESS)
TOKYO, July 1.—An unidentified Japanese today cut down the American flag flying in the American Embassy grounds.
Jefferson Caffery, the American Charge d'Affaires, immediately took up the matter with Baron Shidehara, the Foreign Minister. The police are making a search for the man who cut down the flag.

JAPS READY FOR MEETS OF PROTEST

(EXCLUSIVE DISPATCH)
TOKYO, June 30.—The enforcement of the American Exclusion Act tomorrow will be the occasion of many meetings and demonstrations in every city in Japan. The lawyers of Tokyo are holding a mass meeting. Gatherings will be held in various sections of the city under such names as "American Peril Day," "No Drinking Day," and "National Shame Day." Students yesterday paraded through the city urging attendance at protest meetings.
The boycott of American films is proving a boomerang, the public jamming the few houses advertising Hollywood films and shunning European pictures.
The opposition is developing in the House of Peers against adopting a resolution of protest on the grounds that the exclusion clause is not representative of American sentiment and therefore it is inexpedient for the Diet formally to protest. This opposition is bitterly resented by the resolution drafters, who are pressing the necessity of the Diet declaring itself.
The finance department yesterday worked on a bill to increase the tariff on luxuries which it is now almost ready to present. The object of the bill is two-fold—to decrease the adverse trade balance and check the Japanese extravagance.

FIFTEEN BALLOTS FAIL TO INDICATE WINNER IN DEMOCRATIC CONTEST

(BY KYLE D. PALMER)
"Times" Staff Correspondent
(EXCLUSIVE DISPATCH)
MADISON SQUARE GARDEN, NEW YORK, July 1.
Anybody's race. That is the verdict of veteran political observers here tonight after fifteen fruitless ballots for a Presidential nominee by the Democratic National Convention in which many were called, but none was chosen. And those who assert that "anybody can win" are fervently hoping that somebody, anybody will win and end the agony.

CRUCIAL TEST FOR CANDIDATES SEEN IN BALLOTS TODAY

(EXCLUSIVE DISPATCH)
NEW YORK, June 30.—The Democratic National Convention balloted fruitlessly fifteen times today on the nomination for President and adjourned at midnight with the forces of William G. McAdoo of California and Gov. Al Smith of New York deadlocked. On the sixteenth and last ballot tonight the voters of the convention will choose a President and Vice President.
McAdoo, 479; Smith, 205 1/2; John W. Davis, 61; Cox, 60; Underwood, 25 1/2; Ralston, 21; Glass, 15; Harrison, 20 1/2; Robinson, 20; Ritchie, 17 1/2.
With the managers of both McAdoo and Smith predicting a victory for their respective candidates, the convention will resume balloting at 3 o'clock in the morning. It is expected that the deadlock will continue for a number of ballots if not all day, but both McAdoo and Smith will increase their total votes materially and before tomorrow night there will be developments indicating pretty conclusively whether either of these major contenders can be nominated.
SAY ENDS IN SIGHT
Many of the leaders look for a nomination before the convention adjourns tomorrow night, particularly if both McAdoo and Smith should be eliminated and representatives of both factions should get together to pick a dark horse.
In the dark horse game, the field, John W. Davis of West Virginia is the most seriously discussed and it is evident that he would become a formidable candidate if both McAdoo and Smith should cease to be factors. Senator Underwood of Alabama is due to be given a chance if Smith withdraws and Senator Ralston of Indiana, Senator Glass of Virginia, Gov. Ritchie of Maryland, Gov. Siler of New Jersey and Senator Robinson of Arkansas, are other dark horses, any one of whom might be agreed on as a compromise.
The balloting tomorrow is expected to be distinguished by a determined drive to put McAdoo over and possibly one by the Smith bandwagon coxswains also.

ALL ARE PLEASED

Supporters of McAdoo assert that everything has gone exactly as they expected and that they have the situation well in hand. Mr. Smith's managers are well pleased, they say, with developments, which they assert to be strictly in accord with their own plans and program. Greenbackers of the survival of the fittest school are also in a state of satisfaction, and it thus appears that all are contented.
If Mr. McAdoo finally becomes the nominee, either by a two-thirds majority or by a straight majority, the situation will be by reason of his ability to hold his lines unbroken under the combined attack of such accomplished political generalissimos as George Brennan of Illinois, Franklin D. Roosevelt of New York, Ed H. Moore of Ohio and a few others of lesser importance.
Brennan is the actual leader of the forces fighting the candidacy of the former Secretary of the Treasury and, with a majority of the Illinois delegation of fifty-eight, to have here and there as each succeeding ballot shows a weak spot in this delegation, or that he seems that he may be able to prevent a choice indefinitely.
SMITH IS DELAYED
By throwing a block of votes Illinois votes to Jonathan Davis on the ninth ballot, Brennan succeeded for a time in preventing the withdrawal of the Kansas Governor and thus delayed a further increase in the McAdoo total. However, his supply of reserves is not inexhaustible and the showdown will

TOTALS BY BALLOTS OF THE THREE LEADING CANDIDATES

Ballot	McAdoo	Smith	Davis
First	431 1/2	240 1/2	31

BAY CITY SET FOR AIR MAIL

Plane Due to Hop Off at Six This Morning on First Postal Flight to New York

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, June 30.—San Francisco is "set" to inaugurate the end of the day-and-night air mail service. Aviator C. K. Vane, who figured prominently in the test day-and-night flights of five months ago, led his ship tucked up today to hop off at 6 a.m., tomorrow for Reno, the first stop after San Francisco. Three steel letter boxes labeled "Air Mail" were placed today on prominent street corners.
The one at Market and Montgomery, in the heart of the business district was dedicated by the dropping of the first letter by Mr. H. DeYoung, owner and publisher of the San Francisco Chronicle. The message was addressed to President Coolidge. Eager San Franciscans thronged around the boxes for several hours thereafter to get letters off on the first air-planes in the new service.
According to the schedule the mail will leave Reno 8:15 a.m.; Elko, Nevada, 11 a.m.; Salt Lake City, 1:15 p.m.; Reno, 3:15 p.m.; Cheyenne, Wyo., 7:15 a.m.; North Platte, Neb., 11:15 a.m.; Omaha, 2:15 a.m.; Iowa City, 5:10 a.m.; Chicago, 7:30 a.m.; Bryan, O., 9:45 a.m.; Cleveland, 11 a.m.; and Baltimore, Pa., 2:15 a.m. It will arrive in New York at 5:05 p.m. The eastern trip will consume thirty-two hours, five minutes.
A stop of one hour and twenty

strategist of the Smith forces at adjournment tonight. "In fact the developments today justify my prediction. It is evident that McAdoo cannot be nominated and before many more ballots are taken the convention will turn to Smith as the one man who can win for us in November."

Mr. Brennan looks for a nomination late tomorrow night or on Wednesday.

CLAIMS DEFEATED

Rockwell's claim in behalf of McAdoo are defeated by the old grand leaders. They concede that he probably will make considerable gains tomorrow, but they do not give him more than 545 votes at the outside, 114 short of the two-thirds and nine short of a simple majority. They expect twenty of the twenty-four Virginia delegates to go to McAdoo, and probably the twenty delegates from Mississippi; eight of the sixteen delegates from Arkansas and sixteen of Ohio's forty-eight.

On the other hand Smith among them being the delegates from the Canal Zone, New Mexico, Colorado, Wyoming, Idaho, seventeen and one-half from Michigan and ten from Iowa as well as scattering delegates in a dozen other States.

The balloting was followed throughout the day by 15,000 people packing Madison square gardens to the rafters, hanging, breathlessly on the result of every roll call and the vote of every delegation—11,485 people keeping score. It was apparent that the great throng recognized instantly the change of a vote or fraction of a vote and the cheering registered its gratification or disappointment.

TWO DRAMATIC EVENTS

There were two dramatic episodes in the voting contest, both during the session tonight following a recess for dinner. On the first roll call after the convention assembled—the tenth ballot—the Kansas delegation which had been voting for Governor Jonathan Davis of that State swung its twenty votes to McAdoo. The McAdoo shouters turned loose bad-

RUPTURE

EXPERT HERE

F. H. Seelye, of Chicago and Philadelphia, the noted trust expert, is here personally at the scene.

Mr. Seelye says: "The Democrats will not only retain their case of rupture perfectly, but contracts the opening in 10 days on the average. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location and thus giving a complete incision rupture (following operations) specially solicited. This instrument received the most award in England and in Spain, producing results in the treatment of medical conditions. All cases should be carefully examined by the expert. Office hours from 9:30 a.m. until 5 p.m., daily. P. S.—Every statement in this article has been verified before the Federal and State Courts. F. H. Seelye. (Advertisement)

NEW JERSEY REPLIES

From Kentucky to New Hampshire went the roll without any change of vote. Then New Jersey's twenty-eight slid to Gov. Smith.

It was the reply of the Smith managers to the strategy of the McAdoo people which only a few minutes before had delivered the twenty from Kansas to the McAdoo standard. There was another howling, dancing parade of frenzied partisans.

When the roll call was over Michigan was ready to register and cast her vote this way: Ralston, 1-3; Cox, 3; Smith, 5; Harrison, 11; McAdoo, 12-3; Smith here, lost seven and McAdoo gained seven and a half.

The figures for the tenth ballot were: McAdoo, 475; Smith, 306; Ralston, 87; Ralston, 30; Underwood, 43; Cox, 6; Bryan, 12; Gov. Davis, 11; Harrison, 11; Brown, 8; Salisbury, 4; Walsh, 1; Baker, 1; Thompson, 1; Robinson, 2; Ritchie, 1-2.

ELEVENTH STARTED

Once more the clerk went to it for the eleventh time—and got the usual twenty-four from Alabama for Underwood; and found no change in Arizona, Arkansas, California, Colorado, Connecticut, Delaware and Idaho failed to change. Illinois divided again. Indiana once more announced her thirty for Ralston. Iowa's twenty went again to McAdoo. The twenty from Kansas, recently acquired for McAdoo, stayed put and the twenty from Louisiana still kept her twenty with John W. Davis.

Maine made no change; nor did Maryland. Massachusetts no change there. Michigan stayed at twenty-three; Smith, ten and one-half; John W. Davis, two. McAdoo gained a half vote here and Smith took over his share in the state. In Nebraska, there was a change. McAdoo got five; Bryan, eight; Smith, three. McAdoo had taken another one from Gov. Davis.

Nevada showed no change. New Hampshire's eight went again for Davis. Brown, despite the report of an impending change.

New Jersey's twenty-eight stayed in the Smith division; New Mex-

ico went to McAdoo with its six. New York's ninety fell naturally into the Smith column again. North Carolina's twenty-four couldn't be separated from McAdoo. The remainder of the list showed no change.

DAVIS ADVANCED

John W. Davis of West Virginia starting at thirty-one on the first ballot, had advanced to sixty-four before the roll call was over.

The result was in fact a surprise. The result was in fact a surprise. The result was in fact a surprise.

TWELFTH STARTED

There was no nomination on the twelfth and the clerk was ordered back to the job of calling the roll for the twelfth time. In Arizona, McAdoo gained one. The McAdoo vote displayed renewed enthusiasm and the announcers of their vote displayed a renewed enthusiasm.

McAdoo gained a half in Colorado. Connecticut's twenty-eight went to McAdoo. Delaware, Florida, Georgia and Idaho showed no change—still for McAdoo.

Then came Illinois. It gave John W. Davis one more. The vote still was up when he came. Michigan divided for the first time. Many again with the result that Smith lost two and a half. Minnesota gave one to McAdoo. North Carolina's twenty-four couldn't be separated from McAdoo. The remainder of the list showed no change.

GAINS ARE SLOW

Outside of these material accretions, one for each side, the two competitors gained slowly, a few votes at a time, occasionally slipping back a vote or two. McAdoo started on the first roll call with 475 votes and gained 474 votes by the time the roll had been called for the twelfth time.

On the thirteenth and fourteenth ballots he lost three votes amid the groans of his friends, but they whopped it up when he came back with a gain of 34 votes in the fifteenth ballot, reaching his peak for the first time.

Smith began the day with 341 and gained 341 net. His vote was highest on the fourteenth ballot, when he won 308. On the next and last ballot of the day he slipped half a vote. And how low he fell on the twelfth ballot, lost 18 votes on the twelfth ballot and then how they cheered when he took up the thirteenth ballot, reaching his peak for the first time.

Next to the two chief contenders came John W. Davis, who began with 31 and ended with 61. He had 64 on the thirteenth and fourteenth ballots and it was evident that he was a serious contender. Davis support throughout the country, but particularly in the West. He is in the strongest position, probably, of any of the lesser candidates at this stage of the proceedings.

KANSAS STARTS SLIDE

At 8:04 p.m. Chairman Walsh began calling for order for the night session.

Prayer was offered by Father Duffy, the idolized fighting chaplain of the Fighting Sixty-ninth, a national figure, on his own account.

He was in the strongest position, probably, of any of the lesser candidates at this stage of the proceedings.

WATCH THEIR STEP

The twelfth ballot having produced no result, the clerk went to the roll call for the thirteenth. Observers professed to see some of the candidate managers shivering.

At any rate everybody was watching his step. The first had been taken up with the beginning of the tenth ballot.

Twenty-four for Underwood came the familiar cry from Alabama, and there was no change until Connecticut was reached. Connecticut gave Smith 10-4, McAdoo 2-1-0, and Underwood 1-4-10. Underwood was taken from Gov. Davis of Kansas.

The big whoop came with Kansas as for Governor. Under the usual rule, the Underwood-McAdoo transfered her twenty from Gov. Davis to McAdoo.

It was the slide of any proportion to anybody and the McAdoo managers probably had saved it up to start off the night session. It produced the first parade of standards to start during the balloting. It gathered force as the roll call proceeded. The crowd was slow taking his cue, but when he opened up and began blaring a march to the Underwood-McAdoo standard, the delegates began piling out into the aisles bawling whoops and whoops. The demonstration was a riotous one. The delegates began piling out into the aisles bawling whoops and whoops. The demonstration was a riotous one.

When the roll call was over Michigan was ready to register and cast her vote this way: Ralston, 1-3; Cox, 3; Smith, 5; Harrison, 11; McAdoo, 12-3; Smith here, lost seven and McAdoo gained seven and a half.

The figures for the tenth ballot were: McAdoo, 475; Smith, 306; Ralston, 87; Ralston, 30; Underwood, 43; Cox, 6; Bryan, 12; Gov. Davis, 11; Harrison, 11; Brown, 8; Salisbury, 4; Walsh, 1; Baker, 1; Thompson, 1; Robinson, 2; Ritchie, 1-2.

CHANGE IN FOURTEENTH

The first change in the fourteenth was in Colorado where McAdoo lost one and John W. Davis took it away from him.

Michigan contributed some minor changes. Smith gained 1-3; McAdoo 1-3 and John W. Davis lost one.

In Nebraska McAdoo lost one which went back to Gov. Davis. In Nevada, McAdoo gained seven and a half.

The figures for the tenth ballot were: McAdoo, 475; Smith, 306; Ralston, 87; Ralston, 30; Underwood, 43; Cox, 6; Bryan, 12; Gov. Davis, 11; Harrison, 11; Brown, 8; Salisbury, 4; Walsh, 1; Baker, 1; Thompson, 1; Robinson, 2; Ritchie, 1-2.

CHANGE IN FOURTEENTH

The first change in the fourteenth was in Colorado where McAdoo lost one and John W. Davis took it away from him.

ico went to McAdoo with its six. New York's ninety fell naturally into the Smith column again. North Carolina's twenty-four couldn't be separated from McAdoo. The remainder of the list showed no change.

DAVIS ADVANCED

John W. Davis of West Virginia starting at thirty-one on the first ballot, had advanced to sixty-four before the roll call was over.

The result was in fact a surprise. The result was in fact a surprise. The result was in fact a surprise.

TWELFTH STARTED

There was no nomination on the twelfth and the clerk was ordered back to the job of calling the roll for the twelfth time. In Arizona, McAdoo gained one. The McAdoo vote displayed renewed enthusiasm and the announcers of their vote displayed a renewed enthusiasm.

McAdoo gained a half in Colorado. Connecticut's twenty-eight went to McAdoo. Delaware, Florida, Georgia and Idaho showed no change—still for McAdoo.

Then came Illinois. It gave John W. Davis one more. The vote still was up when he came. Michigan divided for the first time. Many again with the result that Smith lost two and a half. Minnesota gave one to McAdoo. North Carolina's twenty-four couldn't be separated from McAdoo. The remainder of the list showed no change.

GAINS ARE SLOW

Outside of these material accretions, one for each side, the two competitors gained slowly, a few votes at a time, occasionally slipping back a vote or two. McAdoo started on the first roll call with 475 votes and gained 474 votes by the time the roll had been called for the twelfth time.

On the thirteenth and fourteenth ballots he lost three votes amid the groans of his friends, but they whopped it up when he came back with a gain of 34 votes in the fifteenth ballot, reaching his peak for the first time.

Smith began the day with 341 and gained 341 net. His vote was highest on the fourteenth ballot, when he won 308. On the next and last ballot of the day he slipped half a vote. And how low he fell on the twelfth ballot, lost 18 votes on the twelfth ballot and then how they cheered when he took up the thirteenth ballot, reaching his peak for the first time.

Next to the two chief contenders came John W. Davis, who began with 31 and ended with 61. He had 64 on the thirteenth and fourteenth ballots and it was evident that he was a serious contender. Davis support throughout the country, but particularly in the West. He is in the strongest position, probably, of any of the lesser candidates at this stage of the proceedings.

KANSAS STARTS SLIDE

At 8:04 p.m. Chairman Walsh began calling for order for the night session.

Prayer was offered by Father Duffy, the idolized fighting chaplain of the Fighting Sixty-ninth, a national figure, on his own account.

He was in the strongest position, probably, of any of the lesser candidates at this stage of the proceedings.

WATCH THEIR STEP

The twelfth ballot having produced no result, the clerk went to the roll call for the thirteenth. Observers professed to see some of the candidate managers shivering.

At any rate everybody was watching his step. The first had been taken up with the beginning of the tenth ballot.

Twenty-four for Underwood came the familiar cry from Alabama, and there was no change until Connecticut was reached. Connecticut gave Smith 10-4, McAdoo 2-1-0, and Underwood 1-4-10. Underwood was taken from Gov. Davis of Kansas.

The big whoop came with Kansas as for Governor. Under the usual rule, the Underwood-McAdoo transfered her twenty from Gov. Davis to McAdoo.

It was the slide of any proportion to anybody and the McAdoo managers probably had saved it up to start off the night session. It produced the first parade of standards to start during the balloting. It gathered force as the roll call proceeded. The crowd was slow taking his cue, but when he opened up and began blaring a march to the Underwood-McAdoo standard, the delegates began piling out into the aisles bawling whoops and whoops. The demonstration was a riotous one. The delegates began piling out into the aisles bawling whoops and whoops. The demonstration was a riotous one.

When the roll call was over Michigan was ready to register and cast her vote this way: Ralston, 1-3; Cox, 3; Smith, 5; Harrison, 11; McAdoo, 12-3; Smith here, lost seven and McAdoo gained seven and a half.

ELIZABETH RYAN GIVES SUZANNE LENGLEN TERRIFIC TENNIS BATTLE

BAPTIZE LINKS AT AMBASSADOR

Miniature Course is Popular With Golfers
Miss Elizabeth Rouse Wins in Women's Flight
Uncle Eddie Tufts Scores a Hole-in-One

BY CHARLES WEST
Some five dozen of Southern California's representative golfers participated yesterday in the formal opening of the eighteen-hole miniature links at the Ambassador Hotel—representative in that players of practically every country club and every handicap were present trying out the cleverly designed course. Miss Elizabeth Rouse of the Hollywood Country Club and Elmer Ralphs of the Hollywood Golf Association, respectively, Miss Rouse scoring 53, Ralphs 54, inaugurated the tricky layout in 53.
One of the features of the afternoon was the scoring of an authentic hole-in-one by none other than Edward B. Tufts, portly president of the Southern California Golf Association. Tufts sank the tee shot on the par-three eighth, and was awarded a special trophy for his achievement.
The course, originally only nine holes has been extended to the full eighteen, and offers a real test of the golfer's short game. Deep traps menace the player with a tendency to hook or slice, while the greens are particularly sporty. The fact that the cups are only three inches in diameter adds to the troubles of the player. When it is taken into consideration that George Von Elm tore up his card, it can be deduced that equaling his feat is no small accomplishment on any hole.
It is popular in the vest-pocket hole that it will undoubtedly be heavily populated during the warm season.

ITALIANS BALK AT DECISION

When Judges Award Fencing Tilt to Frenchmen, a Rumpus Follows

PARIS, June 30.—The mood of "incidents" marking the harmony of the Olympic Games is growing at an alarming rate. First there was the disturbance at the American-French rugby final. Last week the Argentine rifle team objected to the conditions of the rifle test and yesterday raised a protest against the alleged professionalism of one of the Hungarian fencing team. These incidents have been settled, but today a new and graver difference arose between the French and Italian fencing teams. The French team was leading on points when the match began between the French champion, Lucien Gaudin and the Italian Boni. In post Franco-Italian matches disputes have arisen and this one was no exception. Gaudin scored four touches against his opponent which Boni equalized. Five touches decided the victory and the atmosphere was somewhat tense. The Italian attacked but his attack was well met by the French champion, who claimed a touch. The jury, presided over by E. Helmen of Argentina who lives in Paris, gave the verdict to Gaudin. This decision raised a storm of protest both from the Italian fighters and their supporters. While the latter whistled and booed, the fencers gathered up their equipment and marched out of the ring singing the Fascist hymn. They refused to continue the match and the French were given the victory by default.

SAM DUNGAN IS HERO OF GAME

His Double Gives Dillon's Outfit Victory
Meek's Men Lose, 10 to 9, in Ten Innings

Sam Dungan, who was playing ball with the Detroit Tigers when the Maine blew up with a bang, put the high into yesterday's benefit contest for Eddie Householder at Washington Park by pounding out a potent double in the last of the tenth, his blow giving "Cap" Dillon's Forty-niners a 10-to-9 victory over "Dad" Meek's Sons of the Revolution. His swat came as a thrilling climax to a good game between the high into yesterday's benefit contest for Eddie Householder at Washington Park by pounding out a potent double in the last of the tenth, his blow giving "Cap" Dillon's Forty-niners a 10-to-9 victory over "Dad" Meek's Sons of the Revolution. His swat came as a thrilling climax to a good game between the high into yesterday's benefit contest for Eddie Householder at Washington Park by pounding out a potent double in the last of the tenth, his blow giving "Cap" Dillon's Forty-niners a 10-to-9 victory over "Dad" Meek's Sons of the Revolution. Wally Hood Shows Steady Gain on Heavy Hitters in Coast Loop

DUFFY LEWIS STILL LEADING

Salt Lake Tops Hitters With Average of .434

Ellison Bats Way into Second Place With .410

Lewis and Frederick in Tie for Home Runs

Wally Hood, Los Angeles outfielder, who has been steadily gaining on the league-leading batsmen, is now in sixth place. Hood advanced 14 points last week, bringing his average to .376.

Duffy Lewis still tops the swatters of the circuit with .434. Ellison went into second place last week. His is .410. Lindmore is third with .408 and Koshier fourth with .381.

Lewis and Frederick are tied in home runs with twenty-one. Ellison has clouted out eighteen four-baggers.

Arrest of Oakland leads in three-base hits with nine.

Blakesley of Vernon and Brady of Seattle have each made eight three-baggers. Kelly has made forty-two base swats and scored thirty-eight.

Koppe of Sacramento, which plays against Vernon at Washington Park this week, is tied with Lane of Seattle in stolen bases with twenty-six.

Vernon and Los Angeles players above the 300 mark in batting are: Hood, .376; Womble, .354; Deal, .351; D. Murphy, .330; Jenkins, .318; Blakesley, .318; Warner, .312; Jacobs, .289; Mansky, .261; and Whaley, .260.

The club averages and individual averages of players hitting .350 or more are as follows, compiled by Lee Morfitt:

Club	Player	Av.
Los Angeles	Hood	.376
Vernon	Blakesley	.318
Seattle	Brady	.318
Salt Lake	Duffy Lewis	.434
San Francisco	Ellison	.410
Oakland	Arrest	.381
Portland	Blakesley	.318
San Diego	Blakesley	.318
San Jose	Blakesley	.318
Stockton	Blakesley	.318
Vallejo	Blakesley	.318
Yuba	Blakesley	.318

Individual averages of players hitting .350 or more are as follows, compiled by Lee Morfitt:

Player	Av.
Duffy Lewis	.434
Ellison	.410
Lindmore	.408
Koshier	.381
Hood	.376
Womble	.354
Deal	.351
D. Murphy	.330
Jenkins	.318
Blakesley	.318
Warner	.312
Jacobs	.289
Mansky	.261
Whaley	.260

Baseball AS BIG LEAGUES PLAY IT

A GOOD BASEBALL PLAYER

What do you consider to be the most important points in baseball?

Answered by HARRY HOOPER

Outfielder, Chicago White Sox

consider three things to stand out above all others as the most important things in baseball. If you are to be a good player, I rank them in the following order: 1. Practice; 2. Ambition and love of the game; 3. Ability. A really good ball player has all of these things. A most notable example of a man who used the ambition to be a good ball player is Jimmie Foxx, of Cleveland. By sheer ambition and love of the game, coupled with practice, he has transformed himself from a mediocre ball player to a very skillful and dangerous ball player. If ambition and practice are present the ability will usually be developed as a matter of course.

Seven points will be given for first place in scoring the athletic events during the big week of the Olympics, July 1-11. Five points will be given for second place four for third, three for fourth, two for fifth and one for sixth.

ROCKSON GETS BIG CHANCE

Coming Middleweight Faces Bert Colima in Main Go at Vernon Coliseum Tonight

Mickey Rockson, middleweight, who has been boxing around Los Angeles for some time, gets his first shot at a big main event when he meets Bert Colima tonight at Jack Doyle's Vernon arena. Rockson, never of championship caliber, yet has beaten most of the middleweights of the Southland and is known as one of the most aggressive, game battlers in the middleweight ranks. That his courage is not lacking is shown by his remarks to the effect that he doesn't believe that Colima is as tough as they claim for him and promises to make Bert's evening one of the busiest in his career.

Colima, who meets Dave Shadoff next week, is confident that he will win over Rockson and looks upon this fight as a swell workout for the battle with the great California welterweight. However, he is fully cognizant of Rockson's game and aggressive nature and promises to end things as quickly as possible.

DATTO HEAVY FAVORITE Supporters of Young Datto have made him a heavy favorite over Mike Herman in the semi-main event, principally because of his recent impressive victories over Sailor Astmore and Tommy Carter. Datto is coming fast and looms now as one of the best lightweights on the coast.

Frankie Grandetta will be Ernie Hood's opponent in the latter's first start at Vernon. Hood has been turning them away at suburban clubs, winning popularity by his play-making from the side, which has spelled dreamland for a lot of local flyweights. Grandetta has proved a stumbling block to many an aspiring young man in Los Angeles rings and if he can avoid Hood's southpaw style may tip over the Pasadena youth with a solid smack to the chin.

Other favorites are on the preliminary card arranged by Matchmaker Hayden Wadman and indications point to a big house to the program. By special arrangement the Scotch bagpipe band of Jennison Grotto will furnish the music for the occasion.

Club averages and individual averages of players hitting .350 or more are as follows, compiled by Lee Morfitt:

consider three things to stand out above all others as the most important things in baseball. If you are to be a good player, I rank them in the following order: 1. Practice; 2. Ambition and love of the game; 3. Ability. A really good ball player has all of these things. A most notable example of a man who used the ambition to be a good ball player is Jimmie Foxx, of Cleveland. By sheer ambition and love of the game, coupled with practice, he has transformed himself from a mediocre ball player to a very skillful and dangerous ball player. If ambition and practice are present the ability will usually be developed as a matter of course.

Seven points will be given for first place in scoring the athletic events during the big week of the Olympics, July 1-11. Five points will be given for second place four for third, three for fourth, two for fifth and one for sixth.

MIDWICK TEAM TO LEAVE TOMORROW

The Midwick Country Club polo team, winner of the Pacific Coast polo championship, will leave tomorrow morning for Rumson, N. J., to compete in the national polo championship tournament. August 2, it was announced by Carlton F. Burke, Midwick captain. The team is composed of E. G. Miller, No. 1; Eric Pedley, No. 2; Arthur Perkins, No. 3; and Carlton F. Burke, back.

Stevall, great Brown first-sacker, Wahoo Sam Crawford, whose powerful run into the right field bleachers recalled old days with Detroit and the Seraphs; Dad Meek, his own corpulent self; Cap Dillan, a host of other former big-time athletes were there and did their stuff nobly.

SAWYER AMUSES Coast Sawyer, whose antics as a Coast League ball player have caused thousands of hours of mirth, was on hand coaching and playing for the Dillans. His stunts and antics were a constant reminder of the game, one of them being in the ninth when he ran over behind Harry Stewart and made a fresh, hip-pocket catch of Little's fly.

Dan Tobey, the shooting haberdasher introduced each and every one of the old-timers and when Oscar Jones hit Dad Meek with a pitched ball in the seventh, wisely remarked that "he didn't see how Jones could have missed him."

The game was a complete success and Jim Morley announced in behalf of those who put the thing over that special thanks were due all employees of Washington Park who donated their services yesterday. There's still a lot of excitement left in baseball, after all, it would seem.

FOND MEMORIES Thanks to Charlie Keppen, who used to play ball with Walter Johnson when the Washington star was pushing them over for Anaheim High School, most of the following names are remembered: Keppen wasn't magician enough to make the box score come out right, however, and it is therefore repeating in the waste basket.

Dillon—Carlisle, Ella, Cravath, Dugan, Schaefer, Dillon, Sawyer, Hoop, Wheeler, Toman, Orndorff, Warren Hall, Toser, Knell, Mangera, Jones and Ferritt.

McKee—Dillon, Stovall, Crawford, Kruger, Colson, Litchi, Good, Hummiller, in Grand Canyon, Lane, Harkness, Raleigh, Tonnemann, West and Stewart.

STIRBLING AND GREB SET

Fighters Tapering off Training for Ring Melees Next Friday in Michigan City Arena

CHICAGO, June 30.—Harry Greb and Young Stripling, the school-boy wonder who beat Mike McTigue are here doing their last bit of training for their fight Friday at the Michigan City arena. The fight, like the wrestling show Doc Krone is putting on, has rain insurance.

If it rains the bout can be postponed until Saturday very easily. That is what the promoters planned to do with the Carpenter-Gibbons bout, but it was not necessary.

Greb showed unusually well in his last fight, while his youthful opponent did not look so good. All of this will have a heavy influence on the betting and the chances are that Greb will go into the ring a favorite.

Stripling may have taken one bad fight out of his system and with a week to train may display the class which has caused such fine reports.

Both boxers are in good trim right now. Shadow boxing for three or four rounds will mark the concluding work. It is doubtful if either will do any road work after Wednesday.

The National Rifle Association of England will hold its annual Rifle shoot July 7 to 19. The Australians, present holders of the empire trophy, will bring it with them and be waiting their right to have the contest take place at Australia. Other events will include marksmen from Canada, South Africa, India, Rhodesia, Natal, the Gold Coast, the Malay States and the English Channel Islands.

Palms-Culver City

In a pitchers' battle between Cecil and Fairbanks, the Ventura nine trimmed the Palms-Culver City club, 3 to 2, in thirteen innings, at Ventura Sunday. Fairbanks allowed two more hits than his rival but whiffed seventeen batters. Cecil fanned thirteen.

MANY HAPPY RETURNS

BORN IN JULY

ART NEHF JULY 31, 1912

SAM JONES JULY 26, 1871

BOB MEUSEL, JULY 19, 1875

CASEY STENGEL JULY 30, 1890

Four New York players—two Giants and two Yanks, two pitchers and two outfielders—first saw the light of day in July and all played a very conspicuous part in the last world's series.

Hark back to the game of Friday, October 12, played at the Yankee Stadium. "Red" Sam Jones, the no-hit king of "Ruppert's Rifles," and Art Neff, hero of the 1922 world's series, both were pitching their first game of the 1923 world series. Came the 7th inning (sounds like a movie sub-title) with both Jones and Neff pitching straight ball—no runs, 1 out, Stengel at bat. One strike and two balls—into the right-field bleachers went one of Jones's floaters and mighty Casey had put the Giants in the lead in the series, two games to one. Cheers from 40,000 people!

Neff allowed only six hits and held the Yankees scoreless, while Jones allowed only four singles and Casey's lone tally. Bob Meusel didn't do much in this particular game, firing out once to his brother and repaying the compliment by catching two of Emil's drives, but it was his single in the eighth inning of the sixth and last game that brought \$50,000 more to his teammates and brought in the eighth of the world's series runs that he had driven in.

Real ball players are born in July! (Copyright, 1924, Associated Editors, Inc.)

GIANTS DRUB DODGERS

Fournier Gathers Two Homers; Now Has Seventeen; Reds Win in Ninth; Cards on Top

NEW YORK, June 30.—Jake Fournier increased his home-run total to seventeen, two behind Ruth, by hitting for the circuit twice today in the New York 7-to-5 victory over Brooklyn. Score: New York, 7; Brooklyn, 5.

GIANTS IN NINTH. A batting rally in the ninth inning gave the Reds a 2-to-1 victory over the Chicago Cubs today. Score: Chicago, 2; Cincinnati, 1.

CHAMBERS CULVER ENTRY

Veteran Dirt Track Driver to Take Part in 100-Mile Race Next Friday

Entry of Sid Chambers in the 100-mile Independence Sweepstakes to be held July 4 on the Culver City Speedway yesterday increased the interest which has been aroused in this longest of all dirt track races ever attempted in the West. Chambers, who has done more dirt track racing during the past year than any other California pilot, announced that he would drive a brand new Ed Miller Special, one of the fastest and most durable creations in the race.

Chambers will be celebrating his first anniversary as a racing driver, for it was one year ago this Friday that he first stepped on the throttle of a racer in San Luis Obispo. It will also be his thirty-sixth race, and he hopes to make it the crowning achievement of his short career. Chambers recently has been driving at Hastings Park, Vancouver, where he twice defeated the Canadian champion and established twelve track records.

Close to forty drivers will be out turning up their motors this afternoon in preparation for the qualifying heats that are to be held tomorrow afternoon. All want to be among the sixteen survivors of the three-mile speed test and a new track record is expected. Many who do not qualify plan to enter the special ten-mile consolation race, which starts at 2 o'clock Friday.

John Kay's attempted comeback is one of the outstanding features of the race. Kay, one of the old favorites, has now driven a racing car for ten or twelve years. He will pilot an Ed Miller Special and will be relieved of the strictly rule by "Two-Gun Kansas," which is not the latter's real name. Benny Hill's famous Miller eight, which placed second to Jimmy Murphy at Beverly last Thanksgiving Day, is being tuned up for Al Mulford, one of the favorites. Others who are expected to be in the money are Babe Stapp, Fred Frame, Eddie Edgett, and John Fields. R. C. Hamilton and Earl Myers.

A special Grand Prix trophy will be presented to the winner by Ora Carawa, film star.

AL MULFORD

GENIUS SMASHES THROUGH. It is only when you turn from the gods to the demigods of the second rank of genius, to the Hogarth, the Dickens, the Van Dyck, the Scotts, the Merediths, that you are able to range up to each a feminine counterpart—the Mary Beales, the Jane Austens, the Margaret Van Eycks, the Brontes, the George Eliots, the Christina Rossettis. And yet—what does all this prove? That supreme creative genius is a very rare thing? Certainly. That women are incapable of such supreme genius? That's another matter. That is the old argument of the weaker vessel school; while, on the other hand, the argument of the feminist has always been that women, potentially as capable of genius as men, have only not produced Hamlets and Parthenons and Pietas because they have been in the past invariably deprived of education and opportunity. Little as I agree with the old dispensation, I don't call that argument a fair one. I don't think it's true. I don't believe in the "mute, inglorious Milten" theory at all. The whole history of art proves that genius has always made its own opportunity, though homes and hearts smash in that making. Indeed, one might say that it is the very property and test of genius that it can and does smash through—(Clemence Dane in Yale Review)

Eastman Nine Wins Twilight League Game

Twilight League. The George L. Eastman nine continued on its merry way in the Hollywood Twilight League race yesterday afternoon by trimming the Postoffice Club, 10 to 4, in a seven-inning contest. The winners scored in every inning but the fourth.

Grossman pitched good ball for Eastman and his mates gave him good support. The losers made five errors.

The scores: Postoffice Club, 4; Eastman Nine, 10.

Congress Enacts Bills to
Aid Conservation Plans
Pacific Coast Fisheries Get
More Protection
Government Has Program to
Hold Industry

WASHINGTON, June 30.—Four bills passed by the House today to aid the fish conservation program formulated by the Department of Commerce which has for its aim the protection and conservation of fisheries on the Pacific Coast as well as the inland waters of the nation and along the Atlantic Coast.
These four laws are:
First, Confirmation by the Senate of the Pacific Coast Halibut Treaty with Canada which was negotiated on the recommendation of the Department of Commerce two years ago, but which had hitherto failed of confirmation.
Second, This treaty establishes a joint control with Canada over the halibut fisheries of the Pacific Coast in such a fashion as to prevent their continued depletion and destruction.
Third, Extension of the oil pollution conservation bill proposed three years ago by the Department of Commerce, by which the depletion of these fisheries will be controlled and through which they can again be restored to their full productivity.
Fourth, Extension of the oil pollution bill by which the pollution of coastal waters by oil-carrying ships will be prevented and thus the destruction of fisheries and oyster beds prevented.
The enactment of the oil pollution bill through which the cleanup of the Upper Mississippi will be secured for breeding of fish.
The further items in the program proposed, but not yet completed, are as follows:
First, A definite basis of cooperation between the Federal government and the State authorities and with the fish and game clubs in the more extensive propagation of fish.

SPAIN WOULD QUIT AFRICA
Move is Reported Under Way for Exchange of
Morocco for Great Britain's Gibraltar

[BY CABLE-EXCLUSIVE DISPATCH]
MADRID, June 30.—What is believed to be the first step towards Anglo-Spanish negotiations for an exchange of Morocco for Gibraltar is seen in an announcement that Dictator Primo De Rivera is preparing to leave for a periodical inspection of the war zone and an official statement that "we cannot longer continue in Morocco in the circumstances we now find ourselves."

According to King Alfonso Dictator Primo De Rivera intends to attempt to solve two problems which have disturbed Spain's financial, economic and political life—the continual war with the Rifians in Morocco and the national dissatisfaction with the British holding Gibraltar, especially since the Tangier problem has been disposed of.

BACKED BY SOCIALISTS
The powerful Socialist party in Spain openly favors renouncing the hold on Morocco, pointing out that the budget never has been balanced since 1913, when the war began, and Dictator Primo De Rivera's policy of a strong portion of the army will support King Alfonso and himself if he openly demands Spain's withdrawal.

Spain's internal game-and-food fish, he large accession to the numbers of game fishermen through the results in the marked depletion of the number of game fish.
Second, The shad fisheries of the Atlantic Coast have diminished nearly 75 per cent during the last thirty years due to conflict of policies between States. Steps are in progress to endeavor to bring about joint control of this species between the government and the States.
Third, The salmon fisheries of the Atlantic Coast have in the last seventy years been depleted fully 60 per cent. This species can be greatly restored if joint action can be secured between the States and Federal government over the entire area of the North Atlantic and the streams in which the salmon comes annually to spawn.
Fourth, Joint action has been proposed between the States and the Federal government covering the streams and bays where sturgeon spawn in the North Atlantic with the former hope of securing re-establishment of this great species which has 95 per cent disappeared due to overfishing.

**MISSOURI PACIFIC TO
MARKET NOTE ISSUE**

WASHINGTON, June 30.—The Missouri Pacific Railroad Company today applied to the Interstate Commerce Commission for permission to issue and sell \$12,000,000 of three-year, 5 per cent secured gold notes and to pledge \$15,000,000 of first and refunding mortgage 6 per cent gold bonds as collateral security. The notes will be sold by Kuhn, Loeb and Company, at 97 1/2 per cent of par, the proceeds to be used to reimburse the treasury for expenditures.

BOY IS RUN DOWN
SANTA MONICA, June 30.—A boy, 10 years of age, was run over by a machine driven by Carl H. Kuehnacker, West Fifth Street, Los Angeles, Lincoln Lewis, 8 years of age, 3818 Washington Boulevard, was this morning knocked to the pavement. The young lad was rushed to Martin Sanatorium where it was discovered he was suffering from severe lacerations of the face. He was later removed to his home. According to police the accident occurred near the home of the boy.

**Heavy Rain in
Arizona; Trees
Are Uprooted**

[EXCLUSIVE DISPATCH]
PHOENIX, June 30.—Heavy rains are reported in the Arizona mountains, the first for months. Precipitation here was slight. A heavy wind last night blew down many trees, but did little damage otherwise. Telephone service to Arizona points was interrupted.

**Bandits Steal
Money Satchel
on City Street**

[BY A. P. MURPHY WIRE]
SEATTLE (Wash.) June 30.—Three automobile bandits after grabbing a satchel containing \$1800 in cash and \$500 in checks from Miss Margaret Sather, cashier of a taxicab company, and Supt. H. V. Jackson, eluded pursuit in the downtown business section late today and escaped in a shower of bullets fired by Jackson.

**INQUEST TODAY INTO
SLAYING OF BANKER**

[EXCLUSIVE DISPATCH]
SAN DIEGO, June 30.—An inquest into the death of Fred D. Hall, for whose murder Samuel Monahan is held at the County Jail, will be held tomorrow, after which the accused slayer will be formally charged with murder. The District Attorney's office today decided to postpone Hall's preliminary hearing until after the inquest, which will be held at Escondido.

**SIXTY PLANES READY
FOR MAIL TRIPS**

[BY A. P. MURPHY WIRE]
CHICAGO, June 30.—Sixty airplanes were in readiness tonight for the start tomorrow of the transcontinental air mail service. The planes will leave San Francisco at 10 a.m., Pacific standard time, and at 10 a.m., Eastern standard time, another plane will leave New York. At each of these terminals, and also at eight interior division points there will be two more planes instantly available in addition to the twenty planes in reserve principally in the Mississippi Valley for use in case of emergency demand.

The elapsed time for the trip westward will be thirty-four hours and forty-five minutes, and for the eastbound trip thirty-two hours and five minutes.
Gen.-Supt. Carl F. Egge, from his operating headquarters in Omaha, Neb., has disseminated a scheme for collection and distribution which, in co-ordination with the railway mail service will make the air mail available to a territory including half the population of the United States.

The aircraft which the air mail service utilizes are De Havilland bi-planes, equipped with 400-horsepower Liberty engines and each capable of carrying 500 pounds of mail or approximately 25,000 letters.
The history of aviation does not offer a parallel to the accomplishments of the flying postal service during the last fortnight. Paul W. Henderson, second assistant postmaster general with temporary headquarters here, said tonight:
"On Saturday night June 21, a storm raged over hangar at Omaha. Of the eleven ships, all were put out of commission, some destroyed. D. R. Collier, superintendent of the central division over which the night flying is conducted, was confronted with the necessity of asking for a postponement, or putting forth tremendous efforts. He chose the latter. Within twenty-four hours he had restored most of the planes and these were then stacked out on the field. The night another cyclonic storm swooped down, tore up the stakes and tossed the planes down the field, some of them even into the treetops.
"That was less than a week ago. Tonight Supt. Egge informed me by telephone that of the original eleven ships in the collapsed hangar, ten had been salvaged. The net loss was one ship, but the cost of practically day and night work for one solid week. Egge's organization is an indication of the determination to have the air mail serve the public efficiently, and on schedule."

**BLACKSMITH SHOP IN
A SYCAMORE TREE**

The sycamore trees of all Ohio are suffering some kind of a blight this year. Some think it is due to the frost which came when the leaves were so far out that the trees could not reproduce them afterward. The leaves are the lungs of the tree, and to be deprived of these organs eventually results in a growing season may result seriously to the trees. Others claim that they are suffering attacks from a fungus growth. Whatever the source of the trouble and its nature the Ohio sycamores are certainly in a bad way, and many of the giant specimens that line our river valleys and have become landmarks may be lost.
Few trees in the State exceed the sycamore in ground circumference. There is hardly a county in the State that has not at least one or two great sycamores that have local fame. James Emmett of Waverly told in his "Recollections of Pike county," about a great sycamore tree that stood when he was a young man in the country near Waverly, the hollow of whose trunk was so large that it was occupied by a blacksmith and used by him for a blacksmith shop for many years. This hollow was so large that a man could stand in the center of it with an ordinary fence-rail, eleven feet long, balanced on his shoulder, and turn completely around without touching the sides of the tree at any point. The blacksmith had his forge and anvil in a little lean-to which he had built beside the opening leading into the tree trunk, but all the rest of his tools and paraphernalia of his trade were kept within the trunk and there he did the most of his work—in fact, all of his work except the actual forging, the smoke from which made it objectionable to carry on within the hollow trunk.—[J. H. Galbreath in Columbus Dispatch.]

CAMPAIGN BRUNT ON DAWES

Coolidge, Butler, Slomp and General to Begin on
Final Arrangements at White House Today

[EXCLUSIVE DISPATCH]
WASHINGTON, June 30.—Final arrangements for the Coolidge-Dawes Republican campaign will be made here at a series of conferences starting tomorrow, according to plans made known at the White House tonight.

**MUSSOLINI
FIRES THREE
MINISTERS**

Portfolios of Education,
Public Works and Economy to New Cabinet Men

[BY CABLE AND ASSOCIATED PRESS]
ROME, June 30.—Four portfolios in the Mussolini Cabinet have been turned over by the Premier to new ministers. It was officially announced today. The changes were made in accordance with Mussolini's promise to reorganize his Cabinet with new and stronger elements giving satisfaction to the different shades of political opinion represented in the majority.
Senator Cossiga succeeds Signor Gentile as Minister of Education; Deputy Gino Saracchi succeeds Signor Gabriello Carnazza as Minister of Public Works; Senator Cesare Nova replaces Signor Mario Orso Corbino as Minister of National Economy, and Deputy Prince Lanza di Scales takes the portfolio of the colonies which Signor Mussolini has been holding temporarily. The three Ministers who have been replaced leave the Cabinet while all the other Ministers retain their portfolios.

**Three Convicts
Recaptured by
Rooster's Crow**

[BY A. P. MURPHY WIRE]
YONKERS, June 30.—Three escaped convicts, in adding a crowing rooster to their commissary, caused their capture today near the prison camp of Brieuxburg from which they fled a few days ago.

**EXPATRIATION LAW IS
RUSHED BY JAPANESE**

TOKIO, June 30.—It is officially announced that a bill extending an expatriation law to simplify the renunciation of Japanese citizenship by American-born Japanese will be rushed in the present session of the Diet. The measure has been drafted for a couple of years, but has constantly been postponed through the frequent changes of ministry. A majority of the Diet is known to be in favor of it.

FITZGERALD'S for the Advancement of MUSIC—

Joseph Zoellner, Sr.
Violinist
of the Zoellner Conservatory
will present his Artist Pupils in a
Violin Recital on
Wednesday Evening, July 2
at Chickering Hall
Joseph Zoellner, Jr., Accompanist
The chosen piano of this Noted Artist, the

KNABE
will be used in this artistic program. It is the official piano of the Zoellner Conservatory and the internationally known Zoellner Quartet.
The world's really great artists use the Knabe exclusively, because it is recognized as the supreme pianoforte of the universe—both for concert work and in the home.

FITZGERALD
MUSIC HILL ST. COMPANY AT 727

The Great Stock-Raising Industry
is covered from every angle in the weekly Farm and Weather Magazine, issued with the Los Angeles Sunday Times.

Vacation Clothes for Boys

A Contract Worth \$6,952,283.90

Is the perpetual timber cutting right granted by the British Crown. This contract covers 2,600,000,000 feet of virgin timber on Graham Island, British Columbia valued at \$6,952,283.90.

The right to cut this timber is the same as if actually owned and is far more advantageous than if the necessary amount of capital was invested in the timber.

This is but one of several favorable conditions under which the Los Angeles Lumber Products Co. operate.

BOND QUOTATIONS

(BY A. P. MONTY WISE)

NEW YORK, June 30.—Waning

interest in bond trading forced

prices generally lower, although

public utility and a few industrial

issues continued to forge ahead.

Foreign financing virtually

monopolized the interest of invest-

ment circles. Bankers announced

that the American position of the

Hungarian reconstruction loan,

amounting to \$7,500,000, would be

offered on Wednesday. The bonds,

bearing 7 1/2 per cent interest, will

be sold at 87 1/2.

Receipts for a \$10,000,000 Fin-

land industrial mortgage loan,

guaranteed by the government,

would be floated in 1925, at a

3-point drop in Finland 6's to 85,

a new low price for 1924. Prepara-

tions were also reported under way

for selling a \$2,500,000 Norwegian

municipal loan.

New Orleans, Texas and Mexico

6's and Rio Grande and Western

4's sold at the year's top prices.

Other changes were mainly unim-

portant.

Following are closing quotations on bonds listed

on the New York Stock Exchange, furnished by

Lease & Sons, 60 South Spring street.

NEW YORK CURB

(BY A. P. MONTY WISE)

NEW YORK, June 30.—Stock prices moved

irregularly higher in today's curb market,

the oil shares displaying moderate strength on

reports that drilling operations had been taken

to curb production in mid-continent field. Prices

of oil and gas led the advance with a gain of

1 1/2 points.

National Tea, which moved up 8 points to

200, was the outstanding strong

speculative interest in the ruling shares

of the tea feature.

Trading in bonds was again in large volume

but price changes were small.

Following are the closing quotations on the New

York Curb market, furnished by Lease & Sons,

members of the New York Stock Exchange, 60

South Spring street.

DEATH PLOT IS CHARGED TO SLAIN MILLIONAIRE

**H. D. Meyer and Mrs. C. W. Doris
Shot and Killed in Long Beach;
Woman's Husband Quizzed**

While police were checking apparent discrepancies in the story told by Charles William Doris, wealthy Long Beach apartment-house owner, to explain the shooting to death of his wife, Mrs. Therese Doris, and Henry Dietrick Meyer, a Pasadena millionaire, another capitalist came to the aid of Doris.

ORDERS SCHOOL BUILDING PLANS

Education Board Program
Totals \$7,277,000

Fifteen New Edifices to be Constructed

—●—
**Money for Structures to
Come from Bonds**

The Board of Education at a meeting last night authorized plans to be drawn for the new grammar

and high schools buildings and additions to school buildings, with a building program totaling approximately \$7,277,000.

The proposed plans call for the erection of one new junior high school building; three new senior high buildings, twelve grammar

schools, ten additions to high schools and thirty-six elementary school additions. The order of the board authorizes the architects to

draw the plans and specifications with the understanding that no payments will be made on them until the funds are derived from

Victims and Survivors of Long Beach Tragedy

A composite plan for an enlarged Civic Center embodying the ideas of many of the seventy members of the Allied Architects' Association of this city, was submitted last night at a dinner given by County Supervisor Bean to all of the members of the association.

Seventy plans for the new Civic Center were submitted by the individuals, and the City Councilmen Allen and Sanborn, Edwin Bergstrom of the association presided.

The decision of the Commission as to money needed for the project will be made in a few days. Extensions during the next few days are expected. The figure of \$1,000,000 for the Civic Center is the finding sent by the Commission to the City.

tion, following which the composite plan, locating all public buildings of the city, county, State and United States was shown. The general plan approved covers the territory from first street to the Plaza, from Los Angeles street to Figueroa and up to Sunset Boulevard. It includes much more than the present content and when the bond issue carried for the present Civic Center, but it is seen, and that the other plans were much too small to take care of the future needs of the

The composite plan has many interesting features not found in the ordinary work. In addition to locating all buildings thoughtfully and in group, it graphically describes all elevations, sets up all streets and all conduits.

As yet the plan is only tentative, and it is expected that before it is finally approved, it will embody many more ideas of the seventy men who have and are working out the plans. The members of the association have been given much well-deserved credit for the public spirit which has marked the work.

Don Tyler, winner of the National Oratorical Contest, delivered his prize-winning oration on the Constitution at the Founder's Day program at the Trinity Auditorium. A youthful orator was presented with two volumes of the Life of General Scott for his efforts in giving a floral tribute following a prolonged ovation that came after his speech.

More than 100 persons were present at the program, which was the first of the founding of the Salvation Army in the United States.

Darkness descended upon the city as the program drew to a close. The lights of the auditorium were dimmed, and the audience departed.

H. D. Meyer and Mrs. C. W. Doris Shot and Killed in Long Beach; Woman's Husband Quizzed

While police were checking apparent discrepancies in a story told by Charles William Doris, wealthy Long Beach apartment-house owner, to explain the shooting to death of his wife, Mrs. Therese Doris, and Henry Dietrick Meyer, a Pasadena millionaire, another capitalist came to the aid of Doris.

ORDERS SCHOOL BUILDING PLANS

Education Board Program
Totals \$7,277,000

Fifteen New Edifices to be Constructed

Money for Structures to Come from Bonds

The Board of Education at a meeting last night authorized plans to be drawn for the new grammar and high schools buildings and additions to school buildings, with a building program totaling approximately \$7,277,000.

The proposed plans call for the erection of one new junior high school building; three new senior high buildings, twelve grammar schools, ten additions to high schools and thirty-six elementary school additions. The order of the board authorizes the architects to draw the plans of specifications with the understanding that no payments will be made on them until the funds are derived from the sale of the \$35,000,000 school bonds voted on June 3. It is expected the first of these bonds will be available by August 15.

The Goodyear Junior High School is to be built at a cost of \$210,000, it was stated. New senior high schools to be erected follow: Belvedere Gardens, \$600,000; Lomita High School, \$150,000, and Wilmington High School, \$400,000.

The improvement program list follows:

Name of School	Est. Cost
Albion Street	\$4,000
Atwater Avenue	34,000
Barton Hill	50,000
Brooklyn Avenue	54,000
"Center Street	54,000

Graham	34,000
"Gulf Avenue	112,000
Hammel Street	54,000
Hooper Avenue	34,000
Monterey	34,000

The new witness who sought to shed light on the shooting of Mrs. C. W. McComas of Los Angeles, president of the McComas Dry Goods Company. He recited to police details of what he described as a plot against him by Meyer following a disagreement over a financial transaction similar to the one described by Doris as the cause for the double tragedy.

Mrs. Doris and Meyer were slain late yesterday morning in the Doris suite of the Millenium Apartments, 10 Atlantic avenue, Long Beach. Doris is the owner of the Millenium Apartments and the only member of the trio to survive the tragic episode. She being held by the police pending investigation of the murder though he repeatedly insisted that Meyer murdered Mrs. Doris for interfering in the quarrel, which centered around \$11,000 debt Doris declared was owed to him by Meyer, and these accidentally killed himself.

BUSINESS ASSOCIATE

For many years McComas was associated with both men in business transactions, and was the first to visit Doris at the Long Beach jail and upon being refused the privilege he sent the following note to the warden:

"Don't worry. I'm on the job McComas."

McComas then told of a plot which Meyer is said to have concocted some time ago to escape payment of Meyer's debt to him by threats against his life.

"I was a former partner of both Doris and Meyer," McComas told the authorities. "I have known for years that Doris was in grave fear of Meyer, that he regarded Meyer as a dangerous man."

DIFFERENT ANGLES

What seemed to be discrepancies in the story told by Doris to explain the death by shooting of his wife and Meyer, were checked by investigators last night. The Long Beach police were building up a theory of the crime which they declared probably would lead to a murder charge against Doris, which is expected to be made today.

According to this theory, Chief of Police Tancy of Long Beach said, Doris killed Meyer intentionally and then shot himself. Tally, H. Sundbye of Pasadena, brother-in-law of the dead man, declared he would swear to a murder complaint against Doris in the morning.

The discovery that two .38-caliber bullets were fired from the weapon killed Meyer, and not two bullets from different weapons

Cares to Predict When It Will Be; Contractor Street Tunnel Asks Time Extension, so Budget Lighting is Put Off Indefinitely by City

of record, John Hayes, before the Board of Public Works with another request for another extension of time. Three working days, he wants. Shortage of labor and material is asserted.

Theoretically, the board can take the job away from the contractor.

day, it contained no reference to the corporation lighting the tunnel, and the \$100,000 dollars had been paid to the Budget Committee. The woman is not yet 21 years of age, and when the thing was right, the committee was right. The contractor was arrested April 2, 1930, to run 645 work-

ing days. Long ago the grand total of accumulated extensions overtook the life of the contract itself.

Yesterday matters came to a complete standstill. The eighth day of the strike ended with J. McGuire, president of the board absent, the two members remaining came to no agreement on what to do.

Hisself appeared in the Council chamber perspiring freely, even as the open neck of his sport shirt. He had already done two performances last night when he received word that the petition against him was the subject of business.

He made his wild dash for the City Hall between the second and third shows.

Except for paving, and replacing a few tiles rejected by the city inspector, the tunnel is completed. But on what date it will be open to receive traffic, no City Hall prophet cares to predict.

While the Chief did not mention in his talk to the Crime Commission that he reported the body was made head of a new school of criminology at the State university, he said he would never devote all his time to that work.

The Chief took occasion to pay tribute to the purposes and achievements of the Crime Commission, and to report that the future of police work in the future depended largely upon the continuity of its efforts and the popularity of its work.

ACCOMPLISHMENTS

Reviewing the actual progress made during his administration, Chief mentioned the relief of conditions, especially at Lincoln.

DRY HEAD HERE RES

Shoop to Quit August 1 to Enter Law Firm Action Follows Liquor Trial Delays

W. Harper Shoop, acting agent in charge of Federal Prohibition in Eastern California since May 20 last, yesterday announced his resignation effective August 1.

In a letter to R. F. P. Shoop, acting director for California, at San Francisco, Shoop said he intended to leave the government service in order that he might devote his entire time to establishing himself in law.

He expects next month to establish himself in law with Frank M. Sturgis, International Bank Building.

Mr. Shoop's resignation followed immediately another continuance of the hearings scheduled to be held before United States Commissioner Long in the matter of increasing liquor sales in raids made by the dry agents under the direction of Agent Shoop, at the residence of Henry C. Lee, vice president and general manager of Lee Aluminums Squir Company.

J. L. Slack, advertising man, said the hearings were scheduled to be held yesterday but on motion of Attorney Burke they were continued by Commissioner Long until Monday, the 10th inst.

GIVES REASON

Shoop said the only explanation was that regarding the fact that was contained in his letter to Director Rutter, in which he said: "It is with regret that I leave this office. This action is taken because I have enjoyed my position in the service of this country and I am unable to express my appreciation by appointing me acting agent in charge some other place. I am unable to enjoy the position of High Commissioner of California at this time receive, and it is for this reason and in the fact that I have made the decision to which I am unable to enjoy a larger compensation I take this action."

The agents raided the Slack residence at South Ardmore, on Monday, June 18, last, when they found a large amount of intoxicating liquors.

SUBJECT CIVIC CENTER PLAN

Composite Specifications Displayed at Dinner Given Allied Architects' Body

A composite plan for an enlarged Civic Center embodying the ideas of many of the seventy members of the Allied Architects' Association of this city, was submitted last night at a dinner given by County Supervisor Moran to all of the members of the association.

Seventy plans for the new Civic Center were submitted by the individual members of the association, following which the composite plan, locating all public buildings of the city, county, State and United States, clearly shows the general plan approved covers the territory from First street to the Plaza, from Los Angeles street to Figueroa and up to Sunset Boulevard. It includes much more ground than was contemplated when the bond issue carried for the present Civic Center, but it has been found that the other plans were much too small and the care of the future needs of the city.

The composite plan has many interesting features not found in the ordinary work. In addition to locating all of the buildings, both state and county, the graphic plan describes all elevations, sets up all streets and shows all conduits.

As yet the plan is only tentative, and the architects are still finally submitted for approval it will embody many more ideas of the seventy members of the association working on it. The members of the association have been given much well-deserved credit for the public spirit which has marked their work. Not only have they served without compensation other than their fee of \$1, but each has given his own personal ideas in putting his work into the composite plan.

Among those present who were members of the association were County Supervisor Bean and

TYLER GIVES ADDRESS AT GATHERING

Champion Orator, Speaks at Founder's Day Meet of Salvation Army

Don Tyler, winner of the National Oratorical Contest, delivered his prize-winning oration at the Constitution at the Founder's Day program of the Salvation Army last night at Trinity Auditorium. The youthful orator was presented with two volumes of the Life of Gen. Booth, founder of the Army, and a floral tribute following a prolonged ovation that came after his forceful appeal for adherence to the Constitution. More than 1400 persons were present at the program, which commemorated the founding of the Salvation Army in London on July 3, 1845.

The gathering was opened by Brig. C. R. Boyd, divisional commander of the Army in Southern California, who introduced United States Senator Judge Bledsoe paid a tribute to the founders of this nation and to the Constitution, which he said is "the blossom of the fruit of the Declaration of Independence, the crowning glory of Anglo-Saxon independence." He addressed the organizers of the National Oratorical Contest and declared that it was an accomplishment of the highest type of patriotism.

Judge Bledsoe introduced Charles R. Moore, principal of Franklin High School, from which young Tyler was graduated recently, who presented the youthful orator to the audience.

Other features of the program were musical numbers by the Boy Scout Band and vocal selections by Adj. F. W. Spiller of the Salvation Army, and an address by Prof. W. B. Holland, superintendent of County Charities of Los Angeles City on "Others, An Army Lost."

Commission to Fix Budget Power

The decision of the Commission as to how much money needed by the Bureau of Pensions during the next two years is expected today. The figure will be presented to the Legislature. The Commission is to present the findings of its study of the problem. Ready of the Commission is to present the findings of its study of the problem. Ready of the Commission is to present the findings of its study of the problem.

ARBUCKLE REAPS MINISTERS

Plea of Comedian Before Long Beach City Council Petition to Ban His Performance

Amid the cheers of scores of spectators Roscoe "Fatty" Arbuckle, former motion-picture star, now appearing in vaudeville on the Pantages circuit, won the right to finish his engagement at Hoyt's Theater in Long Beach following an impassioned plea to the City Council to vote down a petition of the Long Beach Ministerial Association directed against his performance.

Arbuckle declared that he is handicapped financially, and is working hard to pay back the franchise that stood behind him during his acquisition of which resulted in his acquisition of San Francisco on a charge of manslaughter.

MINISTERS BEHIND ACTION

The Long Beach Ministerial Association was responsible for bringing Arbuckle before the City Council last night, when it filed a petition with that body demanding that it be voted against his performance at Hoyt's Theater to cancel the actor's engagement of one week which commenced last night. The petition was signed by Rev. C. E. Ensign, president of the association.

The petition was backed by Councilman Filmore Condit, who has assumed a leadership in an attempt to regulate the city's morals. But he was with an unlooked-for opposition when Roscoe himself appeared in the first act of the comedy.

He had already done two performances last night when he received word that the petition against him was the next order of business, and he made his wild dash for the City Hall between the second and third shows.

ALLOWED TO SPEAK

Following the reading of the petition Arbuckle asked and was granted permission to talk against

of record, John Hayes, before the Board of Public Works with another request for another extension of time. Thirty minutes of labor and material is asserted. Theoretically, the board can take the job away from the contractor and complete it at his expense, or that of his bondmen. The board has no such clause in the contract. So it has gone, on one excuse or another, granted. The contract was awarded June 14, 1922, when the first of eight extensions, not including the ninth now pending, was asked and granted. The contract was awarded April 2, 1920, to run 465 working days. Long ago the grand to-do of accumulating extensions overtook the life of the contract itself.

Yesterday matters came to a possible standstill. The eighth extension ran out, and, with Hugh J. McGuire, president of the board present, the two parties remained in a no agreement on what shall be done. Except for paying, and replacing the workmen, the city inspector, the tunnel is completed. But on what date it will be open to the public, the city hall report, extra to predict.

(Continued on Page 13, Col. 4)

RECEIVER PLOT CHARGED IN SUIT

Defendants Assert Stock Control is Sought
Conspiracy Seen in Power Company's Affairs

Patents in Steam Are Said to be at Stake

Charges that a court proceeding for the recovery of \$750,000 worth of stock in the Benson-Super-Power Company and the Benson Engineering Company was instituted to further an asserted conspiracy of "interested parties" to gain control of the corporations, were made yesterday in an affidavit filed in the Superior Court.

The affidavit was that of Herbert Cutler Brown, attorney and counsel for Claude Loring Fisher and Basile Mattis Fisher, defendants in the suit for receivership, which was brought at the instance of Pearson Bros. Ltd., of London, and others.

The Benson companies were said to own and control patents on a new method for developing power through steam, which, according to papers in the case, have attracted the attention of scientists and engineers throughout the world.

Brown's affidavit was made in connection with his application for an order to show cause why the court's previous order appointing a receiver for the stock should not be vacated or why the receiver's bond should not be increased from \$5000 to an amount not exceeding \$750,000. The defendants asked the increase in receiver's bonds to insure protection for their interests pending the settlement of disputed claims to the stock in the Benson companies.

Mount Kilimanjaro, in Tanganyika Territory, Africa, is 19,000 feet high, the highest mountain on that continent. It is near the equator and is covered a third way down with perpetual snow.

DRY CHIEF OF DISTRICT QUILTS

(Continued from First Page)

ing liquor which is held in storage with liquor seized from the Lee residence, 2513 Fourth avenue, on Wednesday, June 12. The commissioner's hearing pending in the Stock case involves a complaint charging Stock with illegal possession of intoxicating liquor.

In the Lee case the hearing will be on a petition to quash the warrant on which Lee's residence was searched. It is asserted the warrant was procured illegally in that the accompanying affidavit did not assert illegal sale. On the same grounds it is sought to secure release of the Stock liquor.

RITCH DEVELOPS

Hearing on the complaint against Stock was set originally for Saturday, June 21. Hearing on the petition to quash the Lee search warrant also was set for that date. Both hearings were continued until Monday, June 23, when they were continued again until yesterday, when another continuance until the 10th inst. was taken.

The continuance was granted on motion of United States Attorney Burke, who requested time within which to make further investigations.

According to Agent Shoop, he was not informed of the continuance until Friday, June 20, the day following that on which he expected Lee would be required to appear before Commissioner Long and give bond for his appearance to answer any charges that might arise from the raid on Lee's residence. The procedure, Shoop expected, would be the same as that which followed the raid on the Stock residence.

As a result of the unexpected hitch in proceedings, Shoop expressed dissatisfaction and intimated to friends that he probably would resign soon. Unofficial information was to the effect that the Lee raid and one that was to have been made at the residence of J. Ross Clark, 710 West Adams street, father-in-law of Lee, were "forced" on Shoop on the grounds that dry agents had been able to "get by" with the same thing before.

United States Attorney Burke and Assistant United States Attorney

CITY BUDGET IS \$25,446,702.29

(Continued from First Page)

asked the chief to re-submit his supplemental budget in the sum of \$25,000 instead of \$1,000,000, as he would be allowed to do by the committee. This the chief did, but it contained substantially \$1,000,000 more than the original budget, and he said he would not accept it.

In view of the fact that out of a present force of nearly 3000 men, less than 50 are walking beats and in view of the disquieting rumors that his successor might have different plans, we recompute that the \$25,000 also would be used to employ 400 patrolmen, who shall walk beats, to be paid on the pay roll at the rate of \$1.25 a month, commencing November 1, 1924.

Council referred the budget without debate to the committee of the whole, which will meet at the call of the president of the Council, Boyle Workman. No date has been set for the meeting, but consideration, item by item, likely will begin today.

Of the grand total, \$1,984,702.29, 1.1 per cent, is absorbed by interest and sinking fund. The corresponding charges last year were \$1,611,731.00, or 8.1 per cent of last year's total. This year thus shows an actual increase of \$333,188.74, but a relative decrease of 4.1 per cent, paid out to carry and extinguish the bonded debt.

TOTAL TO DEPARTMENTS

All departments of the city government have received \$1,984,702.29. They asked for \$22,002,440.

Last year, all departments asked \$17,071,711, and received \$14,174,492. The increase in requests this year is \$4,354,727 and the total topped off at the finance committee \$21,712,428, as against a cut of \$1,512,320 last year. That is, all departments receive \$1,175,459 more this year than they did last year but the cuts made by the committee have almost kept pace. This year's budget totals \$1,175,208 more than the total asked last year.

Budget appropriations for important departments of the city government for this year as against corresponding appropriations for the same departments last year follow in tabulated form:

Department	Last Year	This Year
Police	\$1,000,000	\$1,100,000
Fire	\$500,000	\$550,000
Public Works	\$400,000	\$450,000
Health	\$300,000	\$350,000
Education	\$200,000	\$250,000
Public Safety	\$100,000	\$150,000
Finance	\$50,000	\$100,000
City Marshal	\$25,000	\$50,000
City Engineer	\$12,500	\$25,000
City Auditor	\$6,250	\$12,500
City Clerk	\$3,125	\$6,250
City Treasurer	\$1,562	\$3,125
City Assessor	\$781	\$1,562
City Controller	\$390	\$781
City Solicitor	\$195	\$390
City Recorder	\$97	\$195
City Comptroller	\$48	\$97

These figures do not include sums which the voters have authorized to be raised by the sale of bonds for police substations, fire stations, parks and playgrounds. The largest increase allowed is that to the city engineer, (\$894,349.), with the police a close second, (\$882,176.), and the fire department third, (\$481,071.).

The noon hour yesterday was
gloriously warm and complete
pleasure, combined with an odd
little sensation of regret which
would creep into the joy, despite
everyone's efforts.The program marked the fare-
well appearance of beloved Uncle
John in front of his microphone
for two long weeks. Accompanied
by faithful Uncle Remus, he is
going on a fishing trip around
Lake Tahoe and the high Sierras,
returning on the 14th inst. Much
as his radio family will mourn the
loss of hearing his cheerful in-
spiring voice, they will rejoice
with him in his much-needed
rest. May he come back bronzed
and rested, to the many people
who love him and wish him well!Yesterday Uncle Remus outdid
himself in clever repartee, singing
and playing on his auto harp.
The thought of the still trout
pools and pine trees awaiting him
seemed to him the heights of
humorous eloquence, and Radio-
land was kept in an uproar until
his last hearty chuckle died away
into the silence.AWAIT TALE OF TRIP
We await with impatience the
account Uncle Remus will un-
doubtedly give us of Uncle John
and his sojourn in the woods.
The making of a violin is one
of the most delicate processes in
the world. One may follow all
known measurements and angles;
and yet the finished product may
be dead—a thing of wood and
strings. Only a "master maker"
knows the secret of coaxing a soul
to come and dwell within the
shell.From what we heard yesterday,
such a man dwells in California.
John Polak, violinist, who gave
a group of his own compositions
during the noon hour, used an
instrument manufactured by
James K. Hirst of Petaluma, Cal.
Undoubtedly, while years of
constant use will mellow the
tone, it was a creation, to be proud
of. Who knows—some day Petaluma
may be called the "New
Glasgow."TYPICALLY RUSSIAN
Mr. Polak's works were typical-
ly Russian—and filled with the
whims and tragedy of the peasant
people. It was truly sincere
writing; and he played them with
such insight and feeling that the
composer's personality was
a composition in themselves.Demure and charming Jennie
Durkee did magic things with her
piano and ukulele on the same
program. Under her fingers, her
instrument seemed to attain twice
its ordinary quantity of tone,
whether ever produced by the
"steel" tone. We can never hear
so much from her.We are sure that all of our
radio family will enjoy Uncle
John and Uncle Remus God speed and the
happiest of vacations.K-H-J

"Germany today has improved as
much, if not more, than any European
country in the past three years. The
stores are full of merchandise at very
high prices and the German people,
notwithstanding the report that they
have no money, are buying the mer-
chandise at these prices . . .""We have one of the largest Ameri-
can factories in Germany, employing
about 700 people. "We believe that
through the settlement of the repa-
rations question under the Dawes report
American interests in Europe are safe.""The world is growing better. Eu-
rope is getting over her illness and is
sitting up to take nourishment."—

EFFORTS TO
REGAIN LOST
LOVE IN VAIN
Husband Tells Court It's
No Use and Wife Agrees;
so He'll Go FishingEfforts by Charles P. Logan,
past 70 years of age, to effect a
reconciliation with Mrs. Nancy Lo-
gan, about the same age, have been
fruitless. Logan told Superior
Judge Burke yesterday. The cou-
ple had been urged a week ago
by Judge Summerfield to think it
over and try to agree to live to-
gether. Mrs. Logan asks a di-
vorce.Logan told Judge Burke that he
had offered to turn over to his
property to his wife if she would
consent to let him live with her.
The aged man made protestation
of his regard for his partner of
twenty-five years married life and
pleaded that he could not bear to
face the evening of life alone.No such sentimental outlook on
the possible effects of separation
is held by Mrs. Logan, she told
Judge Burke. She announced she
would never consent to live with
him again.Judge Burke told Logan he would
not allow him to turn over all his
property to his wife.
"You pay her \$30 a month all-
month until the divorce suit is
heard. The rest of your income
you can spend on fish bait and can
go fishing and forget your trou-
bles," the court said.POSTOFFICE
RECEIPTS IN
JUNE JUMP
Exports from Harbor Also
Increase Over Last Year;
Imports Drop SlightlyPostoffice receipts for the month
of June increased 9.44 per cent
over receipts during the cor-
responding month of last year.
P. P. O'Brien, postmaster, re-
ported yesterday. The increase
was \$50,799.88, which represented
the difference between total re-
ceipts of \$538,585.88 during the
last month, and receipts of \$487,786.
07 in June, 1923.The value of exports shipped
from Los Angeles Harbor during
the last month, as estimated by
L. M. Schwab, Collector of Cust-
oms, was \$4,950,000 as compared
with \$3,662,187 during June, 1923.
This represents an increase of
more than \$1,287,813, as compared
with the value of imports received
during the two months. The es-
timated value of imports during
June, 1924, is \$2,815,000 as com-
pared with a valuation of \$3,062,184
on imports received during
June of last year.Shipments to Hawaii during the
last month were valued at \$107,566.
Customs receipts during the
month amounted to \$353,569, as
compared with \$315,168 in June,
1923.CITY FILES ELEVEN
BOND-FORFEIT SUITS
In eleven suits filed yesterday in
the Superior Court the city sought
to recover a total of \$12,100 from
various sureties who gave bonds for
the appearance in Police Court
of persons accused of violations
of the Wright Act. When the de-
fendants failed to appear the bonds
were declared forfeit and the city's
suits were filed for the purpose of
enforcing payment by the bond-
men.NEWHALL TO CONDUCT
FOURTH ANNUAL RODEO
The days of the cowboy, stage
coach and six-shooter will be re-
vived for three days, beginning
Friday, the Fourth, at Newhall. It
will be Newhall's fourth annual
barbecue and rodeo. A number of
California's most expert horse
men and wranglers, trick riders, marksmen
and steer bulldozers will appear
during the three days. One of the
features will be a stage coach
derby.MATWOOD CHAMBER ELECTIONS
MATWOOD, June 30.—The Mat-
wood Chamber of Commerce has
elected the following officers for
the year: Aaron H. Hoyer, presi-
dent and chairman of the board of
directors; J. M. McNaughton, first
vice-president; P. A. Simpson, sec-
ond vice-president; P. B. Rabin,
secretary, and W. M. Reed, treas-
urer.KIWANIS DISTRICT TO
HONOR FORMER HEAD
[LOCAL CORRESPONDENCE]
RIVERSIDE, June 30.—In hon-
or of George Ross, past interna-
tional president of Kiwanis, and
Commissioner of Finance of On-
tario, Can., the California-Nevada
district of Kiwanis will give a ban-
quet at the Hotel Maryland, at
Pasadena, July 9. It was announced
last night by District Governor A.
Heber Winterstein of Riverside.
Past President Ross is now
spending his vacation at La Jolla
and the Pasadena meeting will be
his only appearance before a Ki-
wanis gathering in California. In-
vitations will be sent out this week
to all Kiwanis clubs in that dis-
trict, and it is expected that a
large crowd will be present for the
dinner.Bullock's . . . One o'clock

light tan, gray, beige, beaver, black and white—a Wednesday special at 55c pair.

Bullock's Basement Store.

DE BIT CASE
INDICTMENT
WILL STANDLeader of Sacred Science
School Scheduled to Go on
Trial TodayMotion to set aside a second
grand jury indictment charging
Ralph M. De Bit, president of the
School of Sacred Science, and Rab-
bi William Rice with violation of
the Corporate Securities Act was
denied yesterday by Judge Collier.The court also overruled a demur-
rer to the indictment and set to-
day for hearing the plea of the ac-
cused men. De Bit and Rice are
charged with having sold units in
the School of Sacred Science As-
sociation without first having ob-
tained a permit from the Corpo-
ration Commissioner. The pair are
scheduled to go on trial this morn-
ing on an indictment charging the
same offense. It is expected the
State will move today to dismiss
one of the true bills, the latter of
which was drawn to correct as-
serted technical errors in the first.COLORADANS TO MEET
The Colorado State Association
will have a card party and dance,
preceded by an entertainment pro-
gram, Saturday night at Inde-
pendent Foresters Hall, 955 South
Olive street.Council Takes
Day Off to Go
on Sea FrolicCity Council played hooky yester-
day.
The charter prescribes that the
Council shall meet every morning,
Saturdays, Sundays and legal holi-
days excepted, at 10 a.m. At that
hour Mayor Cryer, every mother's
son of a Councilman and the clerk
of the minutes were on their way to
the Catalina terminal, where at
10:30 they were due to embark
upon the Wilmington Transporta-
tion Company's new steamship Cat-alina, which made her maiden voy-
age to Avalon yesterday morning,
docking on the return trip at 5:30
p.m. The Council traveled and
ate as guests of the company.
To comply with the letter of the
law, the Council took a recess last
Friday until 8:30 a.m. yesterday,
so that yesterday's session was
technically a continuation of Fri-
day's session. There was talk Fri-
day of a night session Monday for
discussion of the budget, but it did
not materialize. Council tucked the
budget safely away with the trou-
bles of a day to come and ad-
journing until the regular hour this
morning.
No other business of importance,
besides receiving the budget for the
new fiscal year, which begins to-
day, was transacted and there were
no committee meetings in the
afternoon.

Daily Fashion Hints from VOGUE

A Bathing Suit in Satin

This is surely a season for satin, when even the gay little gingham and printed suits that dot the beaches are spaced out, here and there, with a suit in black, white, or blue, that stands out of the crowd. The woman who wants to look well, and continue to look well, in the water, should have a bathing suit of satin. The suit sketched has a bit of fullness at shoulder and hip, to accommodate the figure that isn't as slim as the hands of a beach beauty. Separate trunk comes in the pattern envelope. A monogram in the only decoration. If one feels like a splash, a red, or other color, to match the band of the cap.

HOUSEHOLD SUGGESTIONS

The Spring Complaint
Boreas acid placed in the stock will relieve tired and burning skin at the same time acting as a deodorant.

White Stockings
It is pretty hard to keep the stockings cast from white silk stockings, but a tablespoon of ammonia in two quarts of water will make a solution for washing that will prevent discoloration.

In Glass Dishes
When using glass pans for cake-baking it is wise to heat the dish before putting in the batter, so the glass takes quite a while to heat and the cake is apt to brown before rising.

Soap 'Em
Many of us housewives are fond of a few minutes' work in the garden each day, but it does not pay to play with the finger nails. Rub soap under the nails before putting them into the garden to work, then the dirt will wash right off with the soap.

Vaseline vs. Water
When the stove polish with a Vaseline instead of water and you will get twice the polish with much less trouble.

Health

Correspondents

Overeating is causing the national manifestation. Reduce your weight to normal and I think that the difficulties will disappear. Meanwhile, of course, keep your skin to the sun's rays.

You are nursing your baby. You must have a quart of milk a day, plenty of vegetables, especially leafy ones, and some nuts. Take the milk by their protein, instead of the fat, and you are in luck. You are jumping rope, walking, running, riding on toes—all of these are good exercises for developing the calf and ankle muscles. You also help to take off fat from the legs. There is no excess.

There is a danger of catarrhal infection of the nose and passages leading from it. Do not lead to cancer. You may have to have an operation in order to get good drainage. Meanwhile, are you getting enough vitamins and minerals? We know that a catarrhal condition can be brought about by a diet lacking in vitamins and minerals. Include in your diet every day at least one-half pound of green salad and one pound or so of other vegetables and fruits and two or three glasses of milk.

Wash an egg applied to the face as an astringent, and when it dries up it certainly does not harm the pores together and helps to stimulate the skin. It would have the same effect as the clay masks. If you want to have a good skin, have two or three of these masks apply the egg and then have somebody else wash your face while it is drying.

Prof. Moore Points to Him as Example of Training

Benefits of School Work Explained to Members

Don Tyler was a good citizen before he was a good orator," said Prof. Charles C. Moore, principal of the Los Angeles High School, in speaking of the Los Angeles boy who won the national oratorical prize at Washington, D. C. recently. Prof. Moore addressed the Woman's City Club at the Philharmonic Auditorium last afternoon on "Training for American Citizenship in the Public Schools," and young Tyler appeared as the program feature, explaining the results of such training.

"It was fitting that Don Tyler should be introduced by the woman who trained him in school," Elizabeth Cloud Miller, instructor of public speaking, said. "Tyler is a boy who should address an organization of which his mother is a member, and his personality will serve to drive home the points that I wish to make," was Prof. Moore's introductory remark. "He is an example of the training that the schools are doing in citizenship training."

"Do you realize that there are eight students in the Los Angeles high schools? Do you realize the possibilities for good or evil in such a number of students? The schools are miniature States. We are endeavoring to train these young people to become good citizens. Good citizenship is more than scholastic standing. Corporal punishment and detention have been abolished. Student self-government and the credit system is in vogue. This method of work. We are getting co-operation among the teachers and the students. Loyalty that is learned in school will be carried into later life."

Prof. Moore discussed the curriculum of the present-day high school, saying that if a student took all of the courses that were offered he would finish at the age of 18. In the general discussion which followed, he addressed one club member wanted to know if there were not too many courses. In his answer to the question Prof. Moore said, "There are not too many courses but there are too few practical instructors. We need twice as much money for educational purposes as we are providing."

Mrs. E. C. Ballou, who presided at the meeting, announced that the Woman's City Club is considering an incorporation and organizing permanently. The club is conducting a campaign for funds to build the first unit of the city clubhouse. Many valuable gifts have been promised to the fund, which now amounts to \$1,000. The annual business meeting was adjourned from the 1st to July 12 in order to give an opportunity to every business woman in Los Angeles to become a charter member without paying the initiation fee.

Philharmonic-Chorus Club
Judge Paul Burke will speak at the Thursday meeting of the Philharmonic and Chorus Club. Special honor guests at the luncheon preceding the meeting will be Mr. and Mrs. Charles Dancy, Mrs. Lillian Burkhart Goldsmith will introduce the literature section. A new play written by Mr. Dancy, "The Water Generation," Mrs. Dancy, who has just finished an education at the University of California, will be one of the featured speakers.

Los Angeles Entertainers
A group of women who are interested in better pictures, particularly from an artistic standpoint, will also from the viewpoint of the film, were entertained charmingly Tuesday by Mrs. Reggie Brown at the Assembly Tea Room in Flower street. It was an unusual group that met and conversation of the occasion ran long to be remembered. The talk appointments were in old times and silver gray, lighted by the glow of orange-colored candles. Games were laid for the hostess, Mrs. Fred W. Smith, chairman for the time being for the D.A.R.; Mrs. Frances Moore Kreider, president of the Friday Morning Club; Mrs. John Gilbert, City Mother; Mrs. J. A. Carter, founder of the Hollywood Bowl; and Mrs. Grace Young, Jr., of the West Coast Teachers' Association.

How to Have Soft, Fluffy Hair

The soft, fluffy hair we all admire is nine times out of ten the result of a woman's learning the right way to shampoo it. If properly done, the shampoo can be less frequent, yet the soft natural glow always remains. We find you can bring out the beauty of your hair to its very best advantage by washing it with cantharox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess of oil leaving a wonderfully clean, wholesome feeling. After its use, you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy, so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of cantharox, which you can get from any drug store, mix it in a cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. (Advertisement.)

WOMAN'S COLLAPSE IN COURT DELAYS TRIAL

trial of Mrs. Dot Holst and Henry was begun Tuesday afternoon in Superior Judge Reeves' courtroom. It had been delayed at the last minute, due to illness of Mrs. Holst. Mrs. Holst collapsed after the case was called. The jury was charged with the duty of determining if Mrs. Holst was sane when she was arrested. The trial will be resumed today.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Breakfast

Luncheon
Broiled Lamb Chops
Chip Potatoes
Orange and Chutney Salad
Cherry Pie
Milk
Dinner
Pimiento Consomme
Radishes
Chicken, Country Captain
Buttered Wax Beans
Steamed Rice
Celery and Green Pepper Salad
Chocolate Mousse
Sponge Drops
Coffee

CALIFORNIA MARMALADE
Cut one dozen thin-sliced oranges in quarters lengthwise, remove all seeds and cut in thin slices, place in an earthenware dish and add to them three finely sliced lemons. Measure the sliced fruit and to every two cups of fruit add three cups of water and let stand in a cool place over night. Place in a preserving pan, bring to a boil and boil forty-five minutes. Return to the earthenware crock and let stand over night. Measure into the kettle and add for two cups of pulp three cups of sugar; stir well, add the strained juice of two lemons and stir and boil forty-five minutes, be careful not to burn. Pour into jars, cool and cover with paraffin.

CHOCOLATE MOUSSE
Place in a saucepan four grated squares of chocolate, one cup of water, half a cup of sugar, and one teaspoonful of vanilla extract; stir over a slow fire until thoroughly dissolved, remove from the fire and cool. Beat one cup of thick cream to a stiff froth and fold in gently to the chocolate mixture, pour into a mold, cover tight and bury in two parts fine ice and one part rock salt for two hours. Wash off the mold, dry, unmold the mousse onto a cold plate and serve.

CONSUMME FINESTO
Place six cups of clear consommé in a saucepan, add to it the whites of two eggs mixed with three finely chopped and mashed potatoes, bring to a boil and simmer gently for twenty minutes. Strain through a folded napkin into a clean saucepan, add one cup of diced avocado meat, heat, season with salt and paprika and serve in cups.

CHICKEN, COUNTRY CAPTAIN
Cut a three-pound tender chicken in twelve even-sized pieces. Heat two tablespoons of butter in a sauce pan, add the chicken and brown lightly, cooking ten minutes; add one finely chopped clove of garlic, and one chopped

NEGRO PAIR SUSPECTS IN CASH THEFT

Couple Quizzed in \$35,000 Loss Reported by Dance Academy Proprietor

Police yesterday subjected Eunice and Emmett Hicks, colored, to a lengthy questioning in connection with the theft of nearly \$35,000 in cash and jewelry valued at \$10,000, Sunday from the home of Mrs. Ida M. Bosley, 1601 South Flower street.

Both Hicks and his wife, who live at 128 East Seventeenth street, denied the theft. They are being held, Assistant Captain of Detectives Cato announced, because of conflicting statements made concerning their whereabouts at the time the theft occurred.

Detectives yesterday continued to check up on fingerprints found at the scene of the robbery, and compared them with those of notorious criminals who are known to be in the city. That the theft was committed by some one who was familiar with the location of the valuables is the theory of the police.

The loss was discovered by Mrs. Bosley and Philip H. Goldberg, her partner in the Goldberg-Bosley

Management of Savoy Hotel Changes Hands

Management of the Savoy Hotel, one of the leading hostelrys of the city, changed hands yesterday when Frank Simpson, Jr., purchased the leasehold on the establishment from John A. Ewins, according to Mr. Simpson, the hotel staff will remain under the direction of Mr. M. F. George, who will be directly responsible to the new leaseholder. Consideration involved was not announced.

The hotel, an eleven-story class A structure, contains 150 rooms and is on the northwest corner of Sixth street and Grand avenue.

At the time of construction, the hotel was declared to be one of the finest of its kind and was awarded a special certificate of honor by the American Institute of Architects. It was also selected as one of the five best hotels erected in Los Angeles in the last five years. Morgan, Walls and Clements were the designers.

NEW ROUTING ASKED FOR LOCAL AIR MAIL

REQUEST IS MADE TO SEND BAGS TO SALT LAKE CITY

The department of meteorology and aeronautics of the Los Angeles Chamber of Commerce yesterday requested permission of the Postoffice Department to have local air mail sent by train to Salt Lake City, instead of to San Francisco, for routing. According to the Chamber's statement, if the mail is sent to San Francisco for routing it will mean a saving of only twelve hours over the present railroad time to New York.

It also was suggested that the Postoffice Department take up the advisability of starting air mail service between Salt Lake City and Los Angeles in addition to the service from the Utah city to San Francisco.

See It

Plan to spend one day, and night if you like, during your 4th of July week end, at Glen Martin.

We have prepared free camping places for a day and night for people who want to inspect Glen Martin and enjoy one of the prettiest and most inspiring spots in the San Bernardino mountains.

Only 18 miles from Redlands—on Big Bear road. Good road—easy drive.

Mile high in real pine forest. Mount San Bernardino towering another mile above that.

A rare spot indeed. Make camp and see it. Restricted cabin sites, \$500.

Information, VAndike 3157.

BOAT IS BESET
BY ADVENTURES

President Garfield Here With
Thrilling Tales

Dead Shark Found Hung on
Ship's Propeller

Typhoon and Cannibals
Make Voyage Exciting

Typhoons, cannibals and man-eating sharks make the log of the Dollar liner, President Garfield, read like a nightmare of sea-going adventures. Capt. Kenneth B. Lowry brought his 31,000-ton craft home from her first trip around the world yesterday with yarns of the Moby Dick sort.

Two days ago, while off the Mexican Coast, the President Garfield unaccountably lost two knots of her accustomed cruising speed of fourteen knots. All night, while every attempt was made to force her engines, she ran at reduced speed.

At daybreak, however, a sailor, glancing over the side, found the body of a forty-foot tiger shark impaled on the propeller. Capt. Lowry immediately put the ship at full speed astern and a run of nearly a mile was required to remove the dead man-eater.

MEET TYPHOON
While she was in the Japan Sea two months ago the President Garfield encountered a 100-mile typhoon.

Instead of heaving to before the increasing gale, Capt. Lowry steered his ship into the center of it. Once inside, he found calm water, with the typhoon raging on all sides. The President Garfield steamed thus for twenty-five miles until the gale subsided sufficiently for her to emerge.

A month later, while the ship was in the Red Sea, en route from Colombo to Suez, the officer on watch failed to pick up the customary light on Sokatra Island. The liner was brought to anchor to await daylight. At dawn she cruised about the island while a band of naked savages, with spears and grass battlefields, shouted defiance at the ship. Deciding it would be dangerous to send a boat ashore, Capt. Lowry prepared a report for the British authorities at Suez.

A bored Englishman at that port after reading the report, placidly informed the skipper that the Sokatra cannibals had merely eaten another lighthouse keeper. It was the sixth within a year, he told Capt. Lowry.

BROUGHT TRAVELERS
Forty globe travelers left the President Garfield at Los Angeles Harbor and as many more will board her here today before she sails for the Orient via San Francisco.

Notable among her passengers were: William Larimer Jones, Pittsburgh steel magnate; Roy Dalton, local theater operator; and Mrs. Dalton; D. O. Johnson, Texas oil operator, accompanied by his wife, Dr. Frank Miller, a physician, returning home after a nine months' trip, accompanied by his son, Wallace, and Charles G. Mortenson, who purchased the first ticket in the Dollar around-the-world service. Mr. Mortenson yesterday completed a leisurely trip around the globe.

Four thousand and eighty-eight frozen Long Island ducks formed an unusual item in the freight which the President Garfield is discharging at this port. She is also loading 2000 tons of South California products for oriental delivery.

MANAGER OF
ALEXANDRIA
IS PROMOTED

William P. Taylor Put in
Charge of Seattle's New
\$6,000,000 Hotel

The appointment of William P. (Bill) Taylor, manager of the Alexandria, as general manager of the new \$6,000,000 hotel, was announced yesterday.

Mr. Taylor, who is one of the youngest hotel executives in the United States, has had charge of the Alexandria for two years. He will assume his new duties at the hotel on July 15.

The Olympic, now under construction, will open about November 1, and Mr. Taylor's first task will be the supervision of equipment for the new hotel, which has 600 rooms, and will be one of the finest hostels on the Pacific Coast.

This appointment marks another step upward in Mr. Taylor's career, whose rise in the hotel business has been unusually rapid. Beginning a little over ten years ago as a stenographer in the Palace Hotel in San Francisco, he eventually became assistant manager of that hotel, which position he held until the outbreak of the war, when he entered the service and was sent to France. Upon his return to this country at the cessation of hostilities, he became assistant manager of the Pennsylvania Hotel in New York, the largest hotel in the world, and later he held the same position at the Waldorf-Astoria.

FALSE ARREST CHARGE
CASES ARE CONTINUED

The trial of C. Bull, J. F. Bies, Sydney Blair and Theodore A. Anderson, charged with perjury and false imprisonment, was continued yesterday by Judge Hardy of the superior court until August 5. They are accused of "framing" members of the opposition during the recent municipal campaign at Manhattan Beach, and of causing the arrest of a number of their opponents after "planting" liquor in their cars.

YOUNG GIRL
IS HELD AS
BIGAMIST

Leona Briggs, 17 Years of
Age, in Care of Juvenile
Court at Present

Leona Marguerite Briggs, who is only 17 years of age, but who is asserted already to have taken two husbands, was being held yesterday in Juvenile Hall on a charge of bigamy.

The complaint was issued by the juvenile authorities at the instance of Alex Taylor, Halperin, 1073 East Third street, Lankershim, who stated he married Mrs. Briggs May 15 last. Halperin stated that he had learned his wife was also the wife of Russell Walter Briggs, connected with the Vitaphone Studios in Hollywood.

The complaint was filed in Judge Archibald's Juvenile Court, in which the girl will be tried, providing such action is recommended by the court referee. The girl's preliminary hearing will be conducted in Juvenile Hall.

MEETING BY W.C.T.U.
Col. John Sobeliski Will Speak On
"What Constitutes Patriotism"

There will be a meeting of the W. C. T. U. at the First Methodist church, Eighth and Hope streets, at 2 p.m. Thursday afternoon at which Col. John Sobeliski will speak on "What Constitutes Patriotism." A large medal contest by the Colored Loyal Legion of Peterborough also will be held at 2:30 o'clock.

The city federation of the same organization will have a basket picnic at Bixby Park, Long Beach, July 4. The Long Beach federation will join and a program will be given during the afternoon at which J. C. Bell will preside.

Mrs. Almes Temple McPherson will make the address announcing the nomination of Miss Marie Brehm as Vice-President of the United States on the Prohibition ticket.

POLING IS CANDIDATE
Files as Republican in Contest
for Assemblyman

M. P. Poling yesterday filed with Registrar of Voters Lyons his petition as a Republican candidate in the August primaries for the position of Assemblyman from the San Joaquin District.

Chief Deputy Kerr announced that with the closing date for filing petitions little more than two weeks away, it behooved all candidates to hurry their petitions so that there would not be a rush on the last day. To date only five petitions have been filed. Mr. Kerr particularly stressed the request for the various county central committees to make haste, as there are so many names and petitions.

REALTY MAN ROBBED
E. M. Tracsee II, real estate operator, reported to police yesterday that passkey burglars had forced their way into his home at 135 North Wilshire avenue early in the morning and had departed with \$350 in jewelry.

WOMAN LEARNS SOME
ALIMONY BEATS NONE

JUDGE WITHDRAWS ORDER
FOR \$15 WHEN SHE
DEMANDS MORE

The old adage about half a loaf on the plate being better than no loaf at all, don't own applies to alimony as well as other things, Louise Blackwell, colored, found yesterday.

At the hearing before Judge Burks on Mrs. Blackwell's application for alimony pending trial of her divorce suit against Gus Blackwell was the truth of this adage illustrated.

"I will grant you \$15 a month alimony," the court told Louise. "That's enough, judge," she objected. "I won't take it."

"Very well," Judge Burks said, "you shall have your way. The order is withdrawn."

Loud protestations from Mrs. Blackwell followed. Judge Burks was adamant.

"Thanks, judge, thank you, suh," beamed Gus.

SHOWERS THREATEN
AS MERCURY MOUNTS

Yesterday the weather was favorable to thunderstorms and showers, according to Col. H. B. Hersey, United States Weather Bureau, and only the fact that we're in the midst of a dry season saved us from drenched straw hats. The thermometer climbed to 85 deg., but a clouded sky, but dropped suddenly as the office workers cleared for a seat in the street cars. The humidity ranged from 40 to 70 per cent.

PLAN TO CELEBRATE
AT ARROWHEAD LAKE

Preparations are being made for a celebration at Lake Arrowhead on the Fourth of July period, according to the Frank Melrose Company. Permission has been granted to set off a display of fireworks on the night of the Fourth from a barge in the middle of the lake. While fireworks are not permitted in the forest reserve, and visitors are cautioned against bringing them, due to the watchfulness of the government officers, a special program of sporting events have been arranged.

PARTY CLUBS IGNORED
L. C. Johnson of Pomona Seeks
District Senate Seat

L. C. Johnson, plant and vegetable grower of Pomona, a candidate for the Republican nomination as State Senator for the Third District, yesterday announced that he intends making the race without seeking the endorsement of any party club.

Mr. Johnson states that as "the endorsement of the people is the only legally constituted power of the candidates," he will relieve "the candidates."

Opposed to Mr. Johnson is Cadet Taylor of Pomona.

ALBERTA ROUNDING
UP WILD HORSES
The greatest round-up of wild
and stray horses ever known in
the Dominion of Canada is now
taking place in the Province of
Alberta, according to word received
at the office of the Canadian
Pacific Railway in New York. Re-
ports of the round-up started from
Calgary say that 150 cowboys are
scouring an area of about 6000
square miles.

The cowboys are operating with
various outfits, all of which are
directed under one general plan.
When their work is completed it
is expected that between 25,000 and
30,000 horses will have been gathered
in. The crews started from
different points at about the same
time and are converging to the
center, collecting stray animals as
they go.

Blackfoot Indians are assisting
the cowboys, as are the farmers
and ranchers in the district covered.
Horses that can still be identified
by their owners are returned to
them as the animals are gathered in. An official of the provincial
government accompanies each
outfit for this purpose. When the
round-up is finished the unidentified
animals, wild horses and or-

ON NOMINATING BOARD
PORTVILLE, June 28.—
E. H. Larson, optometrist of

HOME FROM CONVENTIONS

Mrs. Laughlin, Republican Delegate, Describes Democratic Gathering as "Terrible"

Mrs. Helen M. Laughlin, dean of women at the University of California, Southern Branch, and a delegate to the Republican National Convention at Cleveland, returned to Los Angeles yesterday. She will leave for Washington within a few weeks to be present when the President is officially notified of his nomination, as she was honored with having been placed upon that committee.

While in the East Mrs. Laughlin attended several sessions of the Democratic convention in Madison Square Garden in New York City.

"Terrible," was the description she gave of the Democratic gathering.

"The Garden is a frightful old place," she said, "and when it got hot there was no doubt in the minds of the spectators that it had recently housed a circus."

"The attitude of New Yorkers, in their fervid zeal for Al Smith, reacts unfavorably to their candidates. New Yorkers seem to think that Smith is the only possible man, and forget that the delegates from the rest of the country are

the ones who choose the nominee. All the yelling and noise that the Smith people in the galleries forced on the assembly was artificial and ridiculous."

"Whatever opportunity the Democrats had of winning the national election disappeared when they lost interest in choosing an outstanding man and centered their efforts on an unfortunate religious war."

"There was an extreme contrast between the dignified action of the Republican convention and the hoodlumism in New York. In Cleveland there was enough soundness and fight to make it a wonderful and inspiring experience."

"There seems to be a widespread indifference over the nation in the choice of God Daves as Vice-Presidential nominee. We from California wanted Hoover, but never forced things because he had wired us declining to become a candidate."

"But, of course, I'm mighty glad to get back home, away from eastern weather."

HARBOR GAINS IN MAY BUSINESS

Tonnage for Month is Less But Value Increase of \$805,663 Shown

Los Angeles Harbor did a business for the month of May, according to figures made public yesterday by the Board of Harbor Commissioners, aggregating 1,938,296 tons, inbound and outbound, as against 2,375,499 tons for the corresponding month last year.

But although the tonnage was slightly less, the value was greater. For last month it was \$52,544,006 and for May, 1923, \$53,238,343, a difference of \$694,337 for the current year.

SLAYER ASKS NEW TRIAL A motion for a new trial was filed yesterday in Judge Reese's court on behalf of Godfrey H. Cowdry, convicted and sentenced to life for the slaying of Joseph Langley, theater manager. Hearing of the motion will be conducted Thursday.

But, of course, I'm mighty glad to get back home, away from eastern weather."

But, of course, I'm mighty glad to get back home, away from eastern weather."

STARVING, SHE TAKES POISON

Young Mother, Without Food, Desperate as Loss of Home is Threatened, Saved by Neighbor

A heart-breaking struggle to find work so that she could buy food for herself and her 2-year-old daughter came to a climax yesterday for pretty Irene Newman, 19 years of age. She received notice yesterday morning that unless she made another payment of \$125 on her home, on which \$1000 had already been paid, she and her daughter would be thrown into the street.

A few minutes later she walked into the bathroom of her home and swallowed a poison draught. Mrs. Alice Freeman, a neighbor, walked in shortly thereafter and found the young mother unconscious on the floor. She resorted to antidotes and revived Mrs. Newman.

Deputy Sheriff Stensland and Weir were called to Mrs. Newman's home at 1651 Water street, Graham Station. Mrs. Newman told them she was determined to end her life and would swallow sufficient poison to end her life as soon as she left.

The deputies brought the young woman to the District Attorney's office. There she was questioned by Det. Atty. Denison. Denison reiterated her intention of ending her life. There was no food in the house and she and her baby were starving, she stated.

She added that she had been out of work for some time; that she had sought employment day after day without avail and that she was too weary to struggle further.

Mr. Denison promised to do his utmost to find work of some kind for her and she finally agreed not to make another attempt on her life. Mrs. Newman is a trained stenographer though she is willing to accept any sort of work.

BAR AT SEA WILL SERVE REAL THING

Floating Saloon Reports Already Giving Dry Squad Gray Hair from Worry

Coincident with the announcement of Chief of Police Vollmer's resignation and Al Smith's gain in his race for the Presidential nomination, it was learned yesterday that a palatial floating saloon is to be stationed beyond the twelve-mile limit off Los Angeles shortly.

The Chief's resignation and Smith's reported lead have nothing whatever to do with the sailing barroom, but are introduced merely to get this story started and to lend it an air of respectability.

The reports of the projected floating saloon have reached George Contreras, head of the District Attorney's dry squad. So authentic are they, apparently, that "George" has been affected. Known by the many bootleggers he has arrested, is fighting off gray hairs over the matter.

According to the stories brought to Contreras, the floating saloon is being backed by a group of wealthy Franchises who are planning to launch the bar in all sorts of high-class liquors of all sorts. She is to be a converted 150-foot yacht—converted into what will be a veritable "floating heaven."

Already her promoters are circulating various parts of Los Angeles advertising the project and inviting the weary ones to come "out where the water begins."

The beer barge is to be run along the usual lines of "high" class saloons with a new feature. This, according to the glowing accounts, is in the form of a coconut grove feature. The promoters have gone even a step farther in this feature, providing cocoanuts filled with hard liquor, guarded by trained monkeys. Patrons are expected to go in and tease the monkeys, who will throw cocoanuts filled with cocktails at them. No date is set for the actual launching of the barge, but it is to be very soon. Water taxi service to land from the saloon will be provided.

MAN SERIOUSLY HURT AS CAR STRIKES AUTO

Bartlett L. Warden of 3814 University street, received possible fatal injuries yesterday in a collision at Cota Station, near Long Beach, between the automobile he was driving and a Pacific Electric outboard train. He was removed to the Harbor Hospital where physicians said his condition was critical. The train was in charge of Conductor H. L. Wilkinson and Motorcarman J. C. Moore.

MINNESOTANS TO MEET

The Minnesota Society will have a picnic with a patriotic program tomorrow night at Music Arts Hall, 233 South Broadway. There will be no meeting Friday evening.

Beauty Salad

Pineapple aids digestion and oranges and grapefruit clear the complexion. That's why the "Beauty Doctor" prescribes a Salad of Pineapple, Sunkist oranges and grapefruit and crisp, tender lettuce for "nervous women."

As "nervous women" are frequently undernourished, we "prescribe" the dressing high in food value—Gold Medal Mayonnaise.

GOLD MEDAL is real Mayonnaise—uncooked. Made fresh daily and always fresh at your grocer's.

Best Foods GOLD MEDAL Mayonnaise

More than a dressing—it's a Food

Why the Giraffe is Dumb

A youngster's composition on the giraffe ran: "The giraffe is a dumb animal and cannot express itself by any sound, because its neck is so long that its voice gets tired on its way to its mouth." (Boston Transcript.)

PRICE SET IN PARK PLANS

Arroyo Seco Property Owners Act; Proponents Arrange Meeting

Resolutions opposing the proposed plan to purchase the property of the Los Angeles Rock and Gravel Company in the Arroyo Seco for park and playground purposes for a consideration of \$180,000 have been emphatically adopted last night at a mass meeting held at the residence of Mrs. M. E. Johnson, 1212 North Griffin avenue.

Boyce Workman, president of the City Council, and Assistant City Attorney McCoy attended the meeting and explained the plan and offered the finance committee of the City Council. The property consists of approximately 160 acres of land in the Arroyo Seco.

W. G. Steele, president of the Greater Monticla Park Improvement association, has a number of others, withdrew from the meeting and Mr. Steele announced that an independent meeting at the Lathrop schoolhouse would be held soon after July 4. Mr. Workman promised to be present at the second meeting.

An impromptu meeting of the retiring members of the improvement association was held in the evening and it was decided to support the efforts of the officers of the association and the City Council to acquire the Arroyo Seco by negotiation by purchase.

Body of Balz Is Taken from Lake Waters

The body of Frank Balz, who was drowned Sunday afternoon in Gray's Lake, near Chatsworth Reservoir, was recovered at daylight yesterday morning by the Van Nuys police.

Accompanied by his wife and sister, Rita Balz, he was on a raft in the lake, which he was pushing toward the shore. The women became frightened because a banner had crawled up the car they were dragging in the water. In a panic of fear they both jumped overboard into the lake. Balz attempted to save them, but they dragged him down; all three were drowned. The bodies of the two women were recovered soon after the accident.

The Noble Undertaking Company of San Fernando has charge of the funeral arrangements.

THE PASSING OF DIANA

Recalls History to a Restaurant New York Editor

Those who knew New York in its infancy when the old Madison Square Garden was an institution and who saw the present structure, toppled by the glided statue of Diana, reared by its height to a point that always attracted the attention of visitors, will feel a pang as Stanford White's creation is doomed to make way for a business structure of the type that will replace the present Garden were foreign to that immediate neighborhood where the old Madison Square Britisher, Charles Mitchell, stood John L. Sullivan by a right to the west of his big name, and back in the original Garden in the 60's.

In that period Madison Square Garden was the hub of the social life. Within a few hundred feet of the Madison-avenue entrance to the huge arena, which had been utilized for horse, dog and chicken shows, six-day foot and bicycle races, amateur athletic meets, amateur wrestling matches, public meetings, conventions and scores of other activities, was to be found "the scene," when that famous restaurant was at the height of its popularity. There were also the Hoffman House, with its cosmopolitan atmosphere and its owner, Ed Stokes, strolling about to be gazed upon open-mouthed by the throngs of whom he was pointed out as the slayer of Jim Fisk; the Gilsey Park, where the madame and her friends of owner John J. Astor, drove his trotters every afternoon, rain or shine, at a o'clock on Seneca street; the Algonquin, the sedan ever by Capt. Miles Connor, born vivand, amateur racing official and a member of the "madame Gilley"; the Broadway theatre, the Madison avenue, with a cuisine unequalled in New York, and a gilded cornice, and the Metropolitan opera house, with its exclusive feast; while around the corner from Broadway, Twenty-fifth street, the club Algonquin, had its clientele all its own.

And now all these resorts are gone. When shall we get part of those who held the reign of the stage when the old Garden was considered indispensable?

The new building at Fifth street and Eighth avenue may cost twice as much as the old structure, but it is no longer what it once was. The general public nor will it have the traditions of the arena that will render it interesting. It is merely demands of business men served.—[New York Herald-Tribune.]

PICNIC COMMISSIONER NAMED

At the fourth picnic to be given on the benefit of July at Echo Park, the picnic and band fund of the latter organization, Harry announced yesterday that the following women will act as hostesses for the day: Mrs. M. A. Bonker, W. H. Jones, H. C. Jones, J. O. O'Connell, W. M. Stetla, L. R. Winchester, W. V. Davis. Tickets for the picnic can be obtained from the mail man.

How You Should Know Molasses Will Remove Grass Stains

Lemon and salt will remove milk-dew stains.
A paste of lime in the pine water will add lustre to cut glass.
A paste of salt and vinegar will remove creations from white enamel ware.
That small stiff brush that the painter invents, man gave you is just the thing for scrubbing new potatoes.

Brings Back the Lustre

We all remember to pull the woodwork at housecleaning time, but somehow we forget the leather furniture. Leather will be greatly improved in appearance if rubbed over with the well beaten

OVER OUR PERSONAL SIGNATURE AS BOTH MAKERS AND RETAILERS

Sell them upstairs

UNDER THE MOST CAREFUL SYSTEM OF PERSONAL SERVICE IN AMERICA

Foreman & Clark build as fine a suit of clothes as any maker in the clothing industry . . . bring it to the public without adding on a single distribution cost . . . sell it to men everywhere *below* the lowest prices elsewhere on clothes of comparable *quality*!

But there is *another* ideal we have also achieved . . . of a very different sort. Foreman & Clark add to unequalled clothing value, an unequalled *retail service*. We give a man *more* for his money—and then turn around and *treat* him better, *serve* him more thoroughly, and accord him more personal attention, courtesy and service than he can buy anywhere at any price throughout the retail industry.

We train salesmen that way. You will notice it. You are never shown a garment at a price *higher* than the one you name. You are never sold a garment unsuited to your *size or build*. You are made to feel welcome, whether you come to look or buy. And you are not forgotten when you pay your money. We follow you up after purchase. We make you recognize this as clothing headquarters—a personal headquarters where you are always welcome among *friends*!
